Lower Court Denies Bridges Writ

Resignation Submitted By Maguire

By AL ADY

Before 449 members of the San Francisco unit of the Warehouse Union, Don Maguire handed in his resignation as president of Local 6 to be effective March 6.

In his letter of resignation, Brother Maguire explained:

"I am tendering my resignation at this time as I am making every effort to get in some branch of the armed forces."

"In view of the uncertainty of the time element, as to what date I will be accepted by the army, I do not feel that it is right for me to continue as an executive officer of this local and suddenly drop out of the picture."

THANKS MEMBERS

In closing I wish to thank you for your membership.

Local 6 Shoots at Meat Shortage

WASHINGTON (F)-A well-organized merchants' movement, aided and abetted by a private, small business committee, is about to confront the OPA with the strongest possible aid to avert the meat famine.

"The petitions, asking for immediate action, are from 70 to 72 1/2 cents for watchmen. Rises of 25 cents for men were agreed upon for the interim period between January 21 and April 15."

"Do. Day was sent in as mediator with special powers after a previous unsatisfactory award by an arbitrator resulted in loss of manpower to other industries."

"The first batch of petitions, from the 'Keep Us Eating' kit, weighed in their way to Washington.

India Longshoremen, too, Said "No" on Loading Scrap for Japan

By R. LAL SINGH
Editor India News, Member
Indian National Congress

There are trade unions in India. In fact, there is an intellectual and still an agricultural country, with some 170,000,000 of workers, and with a tremendously overcrowded and overwhelming majority of the population engaged in agriculture, it remains a fact that India has started on the path toward industrialization and now has 444 registered trade unions.

The All-India Trade Union Congress made unequivocal declarations in support of the struggle of these people against the Japanese. Those of the Indian men and women who support the Indian trade union movement, and the men of the Indian trade union movement, will receive all the help they may need and all the help they can give to the movement.

BIG POLITICAL INFLUENCE

Although these figures indicate that the present trade union movement is small, its political influence is great.

The All-India Trade Union Congress made unequivocal declarations in support of the struggle of these people against the Japanese. The All-India Trade Union Congress, called out every Indian worker on strike from Japanese ships that carry coal to Japan. All Malaya after the invasion of that country, and all Indian Indian longshoremen refused to load any ships from Japan for war industries.

The Indian National Congress is thus clearly, in the eyes of the Indian trade union movement, a site for Indian freedom in any future system of the world.

CHALLENGE TO GANDHI

One of the most important reasons why many have been direct challenges to Gandhi's leadership, and why the whole Indian movement has been the main obstacle within India, is the fact that the All-India Trade Union Congress.

The All-India Trade Union Congress declared, "No more than we hate fascism both foreign and against the Axis... We favor a definite stand and action against the Axis... The majority of our unions and membership believe that real support of the war can only be secured with the realization of India's independence."

TRADE UNIONS JACKSON

"We can safely say that the trade unions sector of the Indian National Congress is becoming strong and influential. The Congress itself is the great national organization which leadership of the Indian masses is unchallenged. The trade unions will become the backbone of the Congress movement."

It is interesting to note that the All-India Trade Union Congress has had the full support of the poonekar's union and the Indian Students' Federation, as well as the support of the Indian National Congress.

The All-India Trade Union Congress has only 18,612 women members. Although it has started on the path to Indian freedom, it is now facing serious internal difficulties and is not yet a truly democratic body.

All cases of racial discrimination in the All-India Trade Union Congress have been brought up for discussion by the committee. The union has been taking up issues of discrimination in such an agency and such practices have been denounced in public meetings where the union has continued.

The union has petitioned the city, state and federal government to make the committee in the Mexican community and for the enforcement of all labor and job laws for unemployed Mexican workers.

The federal government has responded by putting up a committee to investigate discrimination against Mexican. President Roosevelt has agreed to the committee.

The committee has also com-

SAN FRANCISCO—Ninety-seven warehousemen and women at the MJB Company, designated the Warehousemen’s Union, Local 6, as their exclusive bargaining agent. We are now negotiating a standard form of agreement, calling for a base pay of 92½ cents an hour with the company and are asking that they petition the War Labor Board jointly with us.

Permit Deposit Agreement

Due to increasing rolling of the membership which requires that all members come into the union the warehousemen and women their local at the Soil. The men and women for their eventual book member- ship. The company has agreed to post notifications and authorization for enrollment of any who desire to become enrolled. The company, requesting that they sign the authorization slip and return it to the office.

The rolling will go into effect on March 1. From now on, in addition to the present rules, any probationary member of the industry may turn in his probationary book and he will be returned to deposit.

Agreement March 1, 1943, the only members who will receive their books will be those boys who have been drafted into the armed forces or members whose probationary books as authorized by the company.

All probationary members who have not signed these authorizations will be returned immediately so that our file may be completed before March 1, 1943.

Agree on Rate

San Francisco — The H. & S. Crocker Company have finally agreed to give over men’s jobs to women. Over men’s jobs will receive the appropriate rate. They are to be paid after 30 days of service, and at the end of the 30-day period they will receive the regular scale for the job.

Women Get Jobs

The company has agreed to place two women on jobs that were formerly performed by men. This was first taken up with the company by the union production committee and a committee was appointed to handle the last meeting. The rate to be paid will be $1.50 per hour following the men formerly worked for the company.

Blood Donations Going Strong

Crockett Company has still blood donations are still going strong in the Crockett Unit. Brother George Moore, chairman of the blood committee, gives us the information that over 20 members of the warehouse have given blood for the month of January. For those of you who have not given, become a blood donor now.

Employ Women For First Time

For the first time in its his- tory, the Crockett Company has women in its unit. Women have been employed in the instation. They have replaced men because of the shortage of manpower. There are eight in all and it is believed that many more will be hired as the shortage becomes worse.

EAN FRANCISCO—The Union Production committees at MJB have been busy bringing about the following: improvement of production and eliminating labor turnover. They requested the company and the union to jointly make a sure that the work can be handled properly. Special men were employed in the instation, so that the company and the union are referred to the executive board.

The committee suggested having one man made responsible for the following jobs: (a) Break up old tea chest and protective metal wrappings from boxes for sale; (b) Chalking aisle ways in the shipping department, allocating spaces for vice, etc.; (c) Better usage of skills to relieve shortage of dollys, maintenance of equipment.

The committee has agreed to the following: (a) Break up old tea chest and protective metal wrappings from boxes for sale; (b) Chalking aisle ways in the shipping department, allocating spaces for vice, etc.; (c) Better usage of skills to relieve shortage of dollys, maintenance of equipment.

5. The company states that the box cars are loaded and unloaded according to the minimum amount of time.

6. The company also stated that a plan has been converted from the shipping department right to the dock load one by the same man. This will eliminate the handling of the box cars, which has been a time consuming in the shipping department.

Dear Sisters and Brothers: Am still stationed on one of the front lines in the war, and not so many miles away from the battle lines as the other members of the family had been. But I'm still here, and I'm working as hard as I can to get the job done.

When this war is ended, I believe that the United Nations and the allies will have to come to a new understanding. The war of the future will be fought on a different level than the war we are now fighting. The war of the future will be fought in a different way than the war we are now fighting.

Winter in Florida is very warm. But even when we had the heater on, the nights were not so warm. That night, I was so cold that I fell asleep in the middle of the night. But I'm still here, and I'm working as hard as I can.

The Drum Corps meets for practice every Friday night at 8:00 p.m. at 15th Street between Folsom and Harrison Streets. This is a great opportunity for all of us to improve our drumming technique. Former members of the Corp for many of the members of the local have disbanded because of the war conditions. But I will be stacking supplies for the Air Corps, Medical Department, and will be stationed here about the end of this month.

The Drum Corps is getting ready for the coming year and will be traveling around the country to play for the Army.
Annual Ball Is Set For Saturday, May 15

SAN FRANCISCO—May 15, has been set as the date for the Seventh Annual Ball of Local 4. Announcement was made last Friday evening at the first official meeting of this year’s ball committee.

Last year’s celebration held at the Civic Auditorium in April with over 10,000 members of the union, their families, and friends participating, was the most successful during the history of the local. Plans are getting under way to make the Seventh Annual Ball an even greater success.

Sam Barron is again chairman of the Annual Ball Committee. The ball will be held on May 15th.

Basketball Team Takes Four Out of Five Games

SAN FRANCISCO—Local 6 has completed its basketball season this year that the union has every right to be proud of. They have been playing with very fast teams and they have taken four out of five games. The only game they lost was to the Log Cabin and only by 2 points. For the team was handicapped by the fact that Brother Debrunner and Hamilton were ill and Dunn and Fresna who did play had injured fingers.

The boys defeated the Air Defense Wing by 47 to 23. The highlight of the first half was G. P. T. B. Wallack taking 4 field baskets and 2 foul throws in 6 minutes of play. Then Joe Dunn took up the pace and scored 5 field baskets. The floor game of Debrunner, Hamilton and Pieretti is far from slow and they are out there ready at every angle.

Second half was just another ball game. The boys kept pace to keep their lead. Debrunner, Hamilton and Pieretti did not slow down. Dunn, but our loss is the Navy's.

February 13, 1943
Speak Out for Victory!

ANYBODY with half an eye on events these days can tell that reaction has gotten together and laid concerted plans to block the "unconditional surrender" which the United Nations have decided upon. Here are two representative points of view, recently enunciated:

"If we are going to come out of this war with a negotiated peace now and bring Hitler over here to run the show, he knows how. He's efficient. He can do a better job than any of us can and a damn sight better job than Roosevelt, who is nothing but a left-wing hangman at that."

That was said by a member of the National Association of Manufacturers at one of its recent meetings.

The other view:

"We do not want Germany completely defeated... What will become of the continent of Europe if Hitler is killed and fascism completely eradicated? The Russians will conquer all of Europe. Therefore our policy should be to whip Hitler to the point where he recognizes we are the biggest power in the world, and then keep Hitler in Europe to police the continent and maintain order. We also need a little fascism in the United States to keep this country in order. We need a certain type of Fascism here to keep radicals out and radical systems and philosophies from making any inroads, and ever attempting to take over the government."

That came from DeWitt Wallace, the owner of Reader's Digest, the magazine that uses anti-labor and anti-commie articles, publishing them first in other stogue magazines.

These are the appeasers, more outspoken than many. Their game is to drive a wedge between the United Nations and the Soviet Union, to divide so that Hitler can conquer. A particularly vicious spokesman for them is Westbrook Pegler with his red appraisals. Another is William Randolph Hearst who only a couple of weeks ago led the way to the New York Sun attempts to scare the daylight out of New York with a cock and bull yarn to the effect that the big bugaboos, Harry Bridges, may be operating there. The magazine manufactures an article, based upon its own well-known anti-labor bias, to the effect that wage increase causes alarming absenteeism.

R E D B A T T I N G is necessarily the chief weapon of appeasers because to achieve their end, that is to kill the victory, they must divide communist Russia from democratic America. Their object is to defeat, not communism alone, but democracy as well.

Ours is a land of good, honest people and the great majority of workers, farmers, employers and government officials are loyal to the ideals of freedom and passionately desirous for the final and complete defeat of fascism. On the unity of this great majority of freedom-loving people depends the destruction of appeasement and the people's victory and people's peace—and the better world.

Our voices must be raised. Along with ever more and ever faster production, we must develop our political understanding and apply it to the problems of the day. If you want your government to keep the WLB afloat as a win-the-war instrument: If, however, you are determined to help the appeasers win an iron cross from Hitler and loud hosannas from his pals in America:

First off, don't pay any attention to how little your union may be doing to solve the questions of manpower, production, rationing, prices or trade union unity. Instead, squawk to high heaven that the WLB is sitting on your wage case.

Get really theoretical. Haul down some old books written way back when and point out that the President is nothing more than the capitalist front: the Army is sitting on your wage case. Tie it together with the disruption caused by transference from job to job, the housing and transportation shortages or anything like that.

Be sure, too, to expose yourself as a profiteer in the sense of prices, profits, wages, hours and conditions in a way which it honestly best to be for stabilizing the national economy to win the war."

The rallies and parades and labor meetings that are increasing which can be meaningful in the face of skyrocketing prices, but in which there is no control of prices. The President能在确保价格控制、控制战争对工人待遇的保证和对国家经济的保证。他必须工作以使劳动队伍在劳工局的领导下取得胜利。

NOW, conversely, here are some tips if you want to keep the WLB afloat as a win-the-war instrument: Because the WLB isn't taking away any money that belongs to us or giving any say to employers. It is raking in wages, hours and conditions in a way which it honestly best to be for stabilizing the national economy to win the war.

Bills to Distract Labor Sweep Legislatures

By JOHN DENN

Federated Press

American labor's efforts are as strenuously threatened by reactionaries as serious as those directed against the war effort. A coalition of both fascist and anti-communist forces is attempting to exploit labor's legislative activities. This situation provides both opportunities and dangers for American labor. The truth is that anti-communist forces have been actively engaged in preventing proposed legislation from becoming law. However, there are also a few instances when legislation sponsored by labor has been successful in the face of opposition.

The most recent example of this is the proposed bill to halt the anti-communist witch hunts conducted by the Dies committee. The Dies committee has been investigating labor's activities and has been accused of violating union members' rights. In response, American labor has been working to defend its rights and to prevent the committee from gaining more power.

The proposed bill to halt the anti-communist witch hunts conducted by the Dies committee is receiving support from labor unions and from the American public. The bill, if passed, would limit the committee's power and prevent it from interfering with union members' rights.

Definite Child Care Plan
A Wartime Necessity

By STEFFI

Child behaviour specialists and social service workers are battling a great problem—the infant casualties of wartime neglect.

In her book "Starved We Nutrients this vital question of a new war—origin of the industry. Countless accidents have been brought about our ignorance of children left at home alone, subject to perils such as burning to death or falling out of open windows. FACE TRAUMA: BITE INJURY

Although such tragedies are not every day occurrences, children of working mothers are being forced to face the tragedy of neglect, through lack of pro-

Anti-Semitism Is Designed To Hamper the War Effort

By HAU KRÄMERT

Before Hitler took over a country he always had his agenda discussed by the people of that country. Today, the so-called anti-Semitism is designed to draw attention away from the Jewish people and other national minorities.

In our union I have heard some of our members mention anti-Semitic remarks among themselves, which the Jews are not doing. They are not trying to get the union to accept their views on the draft boards and exempt Jewish boys, or other similar anti-Semitic statements. This information is not widespread and found the following:

The Congressional Record of November 26, 1940, showed that there were about 2,000 Jewish heroes in the armed forces. At least 10,000 Jewish boys were in the Merchant Marine. These figures were based on the assumption that the Jewish population accounted for 4 to 5 per cent of the total population. It is generally accepted that Jews contribute to the war effort in proportion to their numbers.

There are many thousands more. Next time you hear an anti-Semitic remark, or whisper, remember that it is a weapon to destroy the unity of the American people. The war effort must be carried on by all the people, without discrimination, religious or racial.
