SCAB GUNMEN KILLED UNARMED I. L. A. PICKET IN GULF STRIKE

Ferryboat Operators Deny Right Of Collective Bargaining; Demand Minimum Thirteen-Hour Work Day

BULLETIN—SPECIAL TO "VOICE"

(Electric wire received as we were going to press)

Editor, Voice of the Federation:

Yesterday, representatives attempted to split ranks and break up the committee of the Maritime Federation, at the point of making a final agreement between themselves and the shipowners. Our office was unable to gain any agreement or information from the I. L. A. on this matter.

The chairman of the convention, speaking of the work they had done, said that he was determined to make a final agreement this week, and that they were fighting all along the line. He pointed out the necessity of cutting down the hours of work, and that they would work for a minimum of thirteen hours a day. The chairman also stated that they were fighting for the right of collective bargaining, and that they would not accept any less than a thirteen-hour day.

FEDERATION TO PRINT $35,000 LEVY STAMPS IN INTENSE DEFENSE CAMPAIGN

New York—The Federation has at last begun the work of printing $35,000 worth of levy stamps to be used in defense of the members who have been affected by the strike of the United States Steel Corporation.

The Federation has decided to print the stamps in small denominations, starting with a $1 stamp, to be followed by stamps of $2, $5, $10, $25, $50, $100, and $500.

The proceeds from the sale of these stamps will be used to support the families of the strikers and to help defray the cost of legal fees and other expenses incurred in the strike.

In addition to the levy stamps, the Federation will also be printing a limited number of commemorative stamps in honor of the strikers.

These stamps will be available for purchase at the Federation's offices and will be sold at a price of $10 per stamp.

The Federation has also begun to accept donations in support of the strike. Contributions can be made directly to the Federation or through the Federation's website.

The Federation is committed to ensuring that all members affected by the strike receive proper support and that the strike is won.

Pending Legislation Would Re-establish Shipping Board Seaballs

This is the sort of a book that might puzzle Board workers, labor lawyers that would have the book thrown out for editing and the book all the while would be making a fortune. The institution of this sort of a book would make it possible for the Board to do what it has never done. 

In order to get a book from the picket line, the Board has no power to order removal from the picket line have been sentenced to three days in or $15 fine, and cases against Herman Feht Julius Freitag

The institution of this sort of a book would make it possible for the Board to do what it has never done.

"WAITING FOR LEFTY"

The film "Waiting for Lefty" is a part of our presentation of "Waiting for Lefty" at the Benefit Ball next week. However, we do not go into detail about it.

"Waiting for Lefty" is a very stirring, important play that takes place in New York. The union is dominated by an old faker, who employs the rank and filers, however, and takes money from them. The actor who takes the part of a rank and filer is Ray Contreras.

The San Francisco Board of Supervisors has created an emergency committee to fight for the union members. This is a play worth seeing.

The Vote of the Federation

TO ALL MEMBERS OF THE ISU

Whereas, This misunderstanding and the unfair acts of the employers' agents

Have prejudiced the cause of the ISU Federal Strike;

And whereas, the ISU Executive Committee has adopted a resolution

Regulating the conduct of the ISU members during this strike;

Be it therefore resolved that

1. Organize joint meetings between ISU members and the executive offices of

The National Maritime Union and the Maritime Federation, etc.; it is

RESOLVED, That we take the

steps necessary to secure the

adoption of the ISU resolution by

the other maritime unions and organizations;

2. Organize a joint publicity committee

To conduct a campaign to win public sympathy in order to defeat the

ploy of the .ISU membership's own strike.

I could not help noticing...
To All Maritime Federation Members: An Appeal

"THE Voice of the Federation" has been on the map for five months, and while steadily increasing the population of the workers who have become its subscribers, it is true that we are not getting the sustained co-operation in the form of news for the "Voice" which is needed from the members on the Pacific Coast.

If such a condition can exist in the port where the paper has been published, we can not expect a different situation to develop in other ports.

Another major shortcoming is the impossibility of getting news from the Gulf in the longshoreman's strike-a strike which is likely to affect all the maritime workers.

The most surprising thing of all, the most monstrous thing of all, is that the "Voice" is no high-priced "news service" such as papers whose columns are at the services of the shipowners, the brokers, the longshoremen, the maritime workers on the job, and the contacts establishment.

In order to correct this shortcoming, the paper, such and every member should bring up in his union, in his lodge, in his local, and see to it that the "Voice" gets the news not only of union activities, but of the strike and other local developments.

We appeal to the rank and file in the Gulf port to send in news about the strike and to the members of the Lodge to bring out on the floor that due consideration is given to the fact that the Federation may have to fight, and that the officials stay at their posts until the victory is won. This will be the case because the Organization was formed for the purpose of organizing and bringing about the elevation of the working classes. The Federation, the Local Lodge, and the Brotherhood stand for a higher standard of living, to which the workers are entitled.
