Of Framed Riot Charges After Five Weeks I. L. D. Court Battle

SEATTLE, Wash.—The recent Pacific Coast tanker strike, which included the ports of San Francisco, Portland and Seattle, ended Saturday, December 21st, with the signing of a temporary agreement between the United Steelworkers and the Pacific Coast Steamship Company. The strike was the result of a dispute over wages and working conditions, and involved more than 3,000 seamen from the three cities.

The United Steelworkers of America, AFL, and the Pacific Coast Steamship Company had reached an agreement on a temporary basis, which will be in effect until January 1st. The agreement includes provisions for a 10-day strike period and a 10-day non-strike period.

The strike had been called on December 14th by the United Steelworkers of America, AFL, and had involved more than 3,000 seamen from the three cities. The company had refused to make the concessions demanded by the union, and the strike had continued for five weeks.

The agreement provides for a 10-hour day and a six-day week, with overtime pay at time and a half for hours worked in excess of 36. The agreement also includes provisions for a minimum wage of $1.50 per day and a maximum of 60 hours per week.

Dear Sir,

I wish to thank each and every one of you who wrote to me on the question of Gulf Cargo.

I have just come ashore from the vessel, as I was one of the men who had the pleasure of representing the International Longshoremen's Association, Southern California Local 38-100, on the Strike Committee of the S. S. Portland.

The meeting at headquarters was planned by the executive committee. It was arranged that Brother Hogan should be the main speaker. Before him, the Executive Committee would give a detailed report of the activities of the Wall Street Relief Committee. After hearing Brother Hogan, Brother Riley, president of the Seafarers' Union, felt that it was necessary to announce the conclusions of the committee.

The meeting was called to order by Chairman King. After an introduction by the chairman, the meeting was called to order. Following this, Brother Hogan, the main speaker, began his presentation. He spoke on the need for unity among the workers of the country.

The meeting was adjourned by the chairman. The chairman adjourned the meeting, and the members of the committee went back to their respective duties.
Peace

Comparative peace reigns on the West Coast at present. Our troubles with “hot cargo” have eased up but we are not yet out of the “hot water” difficulties and are definitely ended.

The bureaucratic discharged a seve load of “hot cargo” with the help of loyal bozos on Pier 5 in San Francisco.

They pay the assured that the M. E. B. A. members will not partake in it; neither will the Barge-

men or other members of the Maritime Federation.

Xmas Greetings

The Staff of the VOICE is the first Christmas and wish to extend all members of the Federation, to all friends and advertisers best wishes for a happy Christmas.

To our brothers in hospitals, speedy recovery and to all those who are ill, a Merry Christmas and “early day” early returns.

For our friends we have nothing but kind thoughts; for our enemies contempt.

Anonymous Bulletins

Unsung bulletins are necessary at times! When a time like the present, we can realize the dan-
ger of East Coast “Rank and Flair” putting names and book marks on their publications.

Such unsung sheets could and very well be

ignored for the fact that these un MOVING rank and file members apparently have the right to pull up on a round turn.

Since the Liberal, “Rank and Flair” rail and file leader: every official in each union has been attac-

ded in this same underhanded and lying manner.

They declare in this, their leaflet and flibilistic move, that they are “waging a desperate court fight against this radical and inaccurate

They not only wage a desperate fight—but a losing fight. Nothing these grain magnates can do will en-

able them to eke one grain breath from our awakening policy; “Truth without reservation, decent condi-
tions for workingmen, unadulterated truths—values and liars: fortieth of trade unions principles and equalized support at all times and in all places”

The statement that the Maritime Federation of the Pa-

ternated with the American Federation of Labor is a malicious, slanderous blotch of the truth.

Thirty thousand of the total thirty-five thousand members of the Federation are directly affiliated with the
