Report of Alaska Cannery Workers' Union Victory
May 9, 1919
Maritime Federation of the Pacific, 126 Area District Council No. 1, 755 Market Street, San Francisco, Calif.

Activating Secretary Brown, Dean and M. C. B.

As a representative to the Alaskan Cannery Workers' Union, Local 95, 1919, appointed by this body, I am pleased to make the following report.

Unquestionably, in the history of organized labor, the Alaska Cannery Workers' Union, Local 95, has been the only one of its kind in the world. It is the only one that has ever been given the wholehearted support as was accorded the Alaska Cannery Workers in their demands for an increase in wages and the establishment of a union shop.

The Alaska Cannery Workers' Union, Local 95, was the one outstanding feature which assisted them so greatly in obtaining a union contract, and the strength and prestige of the Council was magnified as a result of the ten-hour day agreement.

The members of this organization, who had been working under very difficult conditions, were able to obtain a higher wage and a shorter working day through the union contract. The affidavits were filed with the United States Department of Labor, and the workers were able to obtain the union contract.

The members of this organization, who had been working under very difficult conditions, were able to obtain a higher wage and a shorter working day through the union contract. The affidavits were filed with the United States Department of Labor, and the workers were able to obtain the union contract.

The members of this organization, who had been working under very difficult conditions, were able to obtain a higher wage and a shorter working day through the union contract. The affidavits were filed with the United States Department of Labor, and the workers were able to obtain the union contract.
When the vote for affiliation was 4-1, the Newspaper Guild convention that the Amalgamated Central Labor Councils and Print Workers’ Union met in Milwaukee, Wisconsin, Arizona and Chicago.

Mr. and Mrs. Robert Kochopolus, Prop.

The transformation of the American Federation of Labor in July would entitle us to adopt a resolution on the part of the organization of the American Federation of Labor in July. This was to adopt a resolution on the part of the organization of the American Federation of Labor in July. This was to adopt a resolution on the part of the organization of the American Federation of Labor in July. This was to adopt a resolution on the part of the organization of the American Federation of Labor in July.

The Sponsoring Committee for the American Federation of Labor in July, consisting of over one hundred members, voted to a discussion of overtime, which was quite unnecessary.

The international union has been adopted at the first act of the Guild convention, which will be forwarded to the Executive Committee.

The workers, the industry, the membership, and the workers’ union have been adopted.

In the interests of the organization of the American Federation of Labor in July, we have been adopted.

A resolution on the part of the organization of the American Federation of Labor in July has been adopted.

It was argued until late in the fall.

A resolution on the part of the organization of the American Federation of Labor in July has been adopted.

The labor movement is gathering support. It has been argued until late in the fall.

Convention Points Way To Trade Union Progress

The report of the resolutions decided upon by the convention of the VOICE, can be interpreted in only one way, fortified by the knowledge which is being gained by seamen.

To this end we have submitted a written report relati-

ing the ships and sailing her to the attention of the convention.

We all know the results of these attacks. The maritime unions have been compelled to fight for their lives. Their battles are far from won, that they are always subject to attacks from the organized employers. This knowledge, fortified by trusted sources and legal suits against the seamen. We are not to be taken away by the dictatorship of the nine.

The Sailor's Union of the Pacific, the Longshoremen's Union of America, the Maritime Federation, the American Federation of Labor and the United Mine Workers, are all unions that are working to improve the conditions of the working classes. They have fought for their rights and are not going to be taken away by the dictatorship of the nine.

The report of the resolutions decided upon by the convention having jurisdiction over the maritime workers. The report was accepted by the convention and the final decision was made.

DECEMBER 22

The adoption of this program (of the VOICE) is a great step forward in the campaign for the improvement of the conditions of the working classes. It is a step in the right direction and we hope that it will be followed by many more.
