Warhousemen's rep. said he will appeal to the California Picking Commission to get a fair hearing and probably again meet San Francisco employers in the near future concerning the recognition and hiring of new employees.

A tremendous four-month struggle by 50,000 warehousemen, largely in the interests of the 3,000 men in Alameda, is the first major test of the new state law based on the principles of the federal law.

TONE DOWN ATTACKS

The editor of the Voice of the Federation, is taking the initiative in the contest in raising the consciousness of the Voice. This harmony should be our first consideration and this can be achieved only when one union member is flying at the throat of another. The outside world is not aware of the problems besetting an editor. Problems of space and time. We want our views on politics and policies. We want the news from the district councils and the ports of the coast. But real singing must stop. The editor will see that it is stopped. So do not complain when you write a letter to the editor.

PORTLAND MEN BEAT FRAME UP IN PICKET CASE

Charges Preferred Against Cops Who Clubbed Strikers

PORTLAND, March 17—(AP—+)—Charges of assaulting pickets during the Pacific Coast waterfront strike were filed by the Portland police yesterday against 13 police officers who were present during the picketing.

The charges were filed by City Clerk W. W. Clapp, who announced that the officers were to be charged with assault and battery.

Subversive Tactics Of Old Guard Met By Leaders

Determined to prevent a split in the labor front as a result of the strike at the Cal Pack plant in Salinas, the C.I.O. unions from labor areas in the Pacific Coast, under the leadership of the maritime workers, held a national meeting at Los Angeles, California, and developed plans to have widespread solidifying move. A group representing about 100,000 workers, made up of the International Longshoremen's Union, the Seaboard, and other labor agencies, met in a Los Angeles telephone line and reported plans for a national meeting to be held in Los Angeles.

WALTER STACKS SPEAKS DEFENDS BRIDGES ON ROOSEVELT

March 15, 1937

To the Editor, Voice of the Federation,

The policy of the Voice of the Federation, as a labor and political organ of the maritime unions should always be to support the labor movement as a whole. In this connection I feel that President Roosevelt has done a great deal to improve the lot of the working man. His fight for the eight hour day is one of the most progressive steps ever taken by a President of the United States. His fight for the eight hour day is one of the most progressive steps ever taken by a President of the United States. His fight for the eight hour day is one of the most progressive steps ever taken by a President of the United States.

When I heard the President make his famous speech before the American Labor Congress, I was very much impressed by his words. He said that the working men of this country were not fighting against the government, but against the bosses who were trying to take advantage of them. He also said that the working men were not fighting against the government, but against the bosses who were trying to take advantage of them. He also said that the working men were not fighting against the government, but against the bosses who were trying to take advantage of them.

I believe that President Roosevelt is doing a great service to the working men of this country. He is trying to make the future better for us. He is trying to make the future better for us. He is trying to make the future better for us. I hope that he will continue to do so.

Yours truly,

Walter Stacks

UNION RECREATION CENTER URGENTLY NEEDS FUNDS TO CARRY ON PROGRAM

Votes of Federationists Can Keep Vital Necessary Work Going On; Progressive Move of Dr. Drew At San Francisco Roads As Decision Awaited; Service To Men Has Value of 

A crisis exists on the San Francisco waterfront! The Union Recreation Center, with all the splendid work which the Federationists are doing for the men, is approaching a crucial time. If funds are not immediately available, the Center will have to face closing. 

This situation was clearly outlined in a message sent to the local Federation of the Pacific Maritime Union and by other local unions. The Federationists, that it be supported, that the men know what is at stake, that enormous dollars are at stake, which would mean the closing of the Union Recreation Center.

The Federationists are asking for an immediate increase in membership. This is a call to every member of the Federation to do his part for the Union Recreation Center. 

Aid the men! Help keep the Union Recreation Center going. Send in your membership dues now, and join the Federationists in their fight to save the Center.
