BEATLES, May 26—Dave Olmstead, president of the Teachers' Union, and his lawyers representing the union succeeded in difficulting their fifteenth consecutive case to the county board of commissioners last Friday.

The board, after some discussion, decided to hear the case again.

John J. Rossi, the district attorney, is appointed by the county board of supervisors to hear the case.

Rossi, who is the head of the city's labor department, is a member of the board of supervisors.

The board of supervisors, after hearing the case, decided to continue it to the next meeting.

The case is being heard by the board of supervisors because the city's labor department is unable to hear it.

Longshoremen Bare "The Call To Action" Plan

Warehousemen 38-44 Notes

SUGGESTIONS FOR SPEEDING "THE CALL TO ACTION"

1. That our office of our weekly newsheet will be more effective if the procedure is adhered to by a night express mail service to the various branches of the union wherever there is any disparity, and if there is not a night express service already in operation, that the union will contribute out of their funds to set up a special express service to carry "the Call to Action".

CLEANING CARDS

More and more of the various branches are ordering up cards to encourage unionism among the longshoremen. These cards will be issued free to all members on proper request directly to the union office.

DEFENSE WORK

Kingsley and Curran are still in San Quentin. Their cases will come up for several months and then a new board of three will be appointed by the higher court, which we are told will probably be a three-man board. If this case is not decided before the next session of the California legislature, we shall have some new laws which will enable Kingsley and Curran to have a new trial. This is the case which was tried in the Superior Court, San Francisco, in the fall of 1935, and in which Mr. Kingsley and Mr. Curran were convicted of murder in the second degree.

HARVEY'S CHILDREN'S CAMP

HARVEY's CHILDREN'S CAMP is progressing rapidly. The FHA and the Federal Housing Administration are helping to finance the camp. The FHA has agreed to give the children's camp a handsome gift of $10,000. The camp is located in the San Francisco area and is expected to be completed by next spring.

We shall be glad to have any help you can give us. We are trying to get a lot of help from the Committee on Children's Camps, and we are working hard to get the money we need to complete the camp.

Let us know if you can help.

OFFER STILL HOLDS

On the March 3rd, as has a long tradition of calling the strike to the attention of the public, the Strike Committee, under the lead of the S. L. A. A. A., will hold a public meeting at noon in the Hotel Strike Hall, 226 E. California Blvd., to give the public a chance to hear the facts of the strike and to discuss the issue with the strikers. The meeting will be held in the hotel lobby and all who are interested are invited to attend.

MOTIVE REVEALED

This is nothing new. I have been informed of the motives of the hotel owners, who are responsible for the strike. They are attempting to force the workers to accept lower wages and poorer working conditions in order to keep their wages at a low level and to increase their profits.

Informers on what is going on within your own walls will not be compensated. That is the only way to get the truth out of them. If you do not want to know the truth, you will not be told. If you do want to know the truth, you will be told.

I will continue to support the workers and the strikers in their fight for better wages and working conditions. My duty in the union is clear. My responsibility is to the workers and the strikers.

Ballots' names will be printed, prominently displayed, and mailed to every member of the local union. Each member will have a chance to vote before the paper can be printed. You cannot print what you do not get.

Pretendingly yours,
