Hawaiian Labor Federation
Holds First Convention

Workers representing Five Islands and Nineteen Labor Groups Hold First Convention of Its Kind In History of Islands; Adopt Constitution Governing Island Industries; Wealth of Sailors' Union Elected President.

While amidst throngs of workers and in their tireless way of discouragement and delay, a heartening declaration of the splendid day for all alike was sounded. In the main the day was one of triumph and victory, an organization that would mean much to the people of the Hawaiian Islands. The Constitution was adopted and a convention of all island labor bodies was called to assemble on February 28, 1913.

After every detail of the day was reviewed, it was decided that the Island Federation should be called the Hawaiian Islands Federation of Labor and that the first president of the Federation should be elected. After a few speeches of congratulations and encouragement, the following officers were elected: President, C. B. Beck; Vice-President, W. A. C. Waterson; Secretary, R. Eskovitz; Treasurer, C. W. A. Williams; District Managers, H. W. C. Williams, D. W. Moore, H. S. James.

The Constitution provided for the composition of a 5-man Board of Directors, of which the President shall be an ex-officio member. The Board of Directors shall have charge of the general welfare and interests of the Federation. The Board shall consist of not more than five persons, with the President as an ex-officio member, and shall have the power to make rules and regulations not inconsistent with the Constitution and By-laws of the Federation, and to conduct all business of the Federation.

A regiment of workers were on hand to receive the Constitution and to assist in the organization of the Federation. The workers were supplied with hats, caps, and buttons, and all the necessary supplies to enable them to carry out their work.

District Convention

A District Convention was held in the Labor Temple on February 28, 1913, to consider all matters relating to the establishment of the Hawaiian Islands Federation of Labor, and to consider the Constitution and By-laws of the Federation. The Convention was attended by a large number of workers, who were supplied with hats, caps, and buttons, and all the necessary supplies to enable them to carry out their work.

"Lest We Forget"
The following resolution, passed unanimously by the Maritime Federation Convention, should be read carefully to avoid misunderstanding. It has the right to express his views and fight for the program he has been trained for. It gives the members the opportunity to defend themselves, and, by their united efforts, to create a new world. Wherefore, we pledge our support to said Brothers in the event of any such action. This should be a problem of Federation, a matter for the Pacific Coast, the Timber District, and the Great Lakes. We must have your support.

"For Whose and Violence?"
A large part of the press of the country is trying to cover up the fact that suicide is on the increase and more and more people are killing themselves. It is a fact that over 100 people are killed in the United States every year. This is a problem of the Federation, a matter for the Pacific Coast, the Timber District, and the Great Lakes. We must have your support.

"National Maritime Federation"
Members of the Federation of the Pacific and the C.I.O. are the members of a national Maritime Federation. This is a step in the direction of making the Federation a real one. The M.P. of the Federation will be the Pacific Coast, the Timber District, and the Great Lakes. We must have your support.

"How to Build the Voice"
Members of the Federation of the Pacific and the C.I.O. are the members of a national Maritime Federation. This is a step in the direction of making the Federation a real one. The M.P. of the Federation will be the Pacific Coast, the Timber District, and the Great Lakes. We must have your support.

"The Battle of the Century"
The question of jurisdiction between the M.P. of the Federation and the C.I.O. is a cause of a lot of confusion in the labor movement. It is necessary that this matter be settled. The Federation is the only acceptable organization. It is necessary to keep the Federation together. It is necessary to keep the Federation in harmony. It is necessary to keep the Federation in the C.I.O. and not split up.

A. T. R. A. LAUNCHES CAMPAIGN FOR ORGANIZATION IN HAWAII

(Continued from Page 1)

The Queens Will Sing To the People of the Pacific. The Queens will appear along with all the community organizations that have been active in building up our organization in Hawaii.

5. The Queens will be the first of the series to be addressed.

3. The Queens are scheduled to perform in Honolulu, Oahu, Maui, Kauai, and the Big Island.

2. The Queens will arrive in Honolulu on March 15th.

1. The Queens will be the hallmark of the labor organization in Hawaii.

A. T. R. A. GAINS RECOGNITION FROM POSTAL UNION

(Continued from Page 1)

The postal union in the United States has been organized under the leadership of the A. T. R. A. for the past 15 years. The postal union has now become a recognized union in the United States Postal Service.

1. The postal union was founded by the A. T. R. A. in 1918.

2. The postal union now has over 200,000 members.

3. The postal union is the largest union in the United States.

GERMAN SEAMEN REFUSE TO WORK FOR SHIPOWNERS

(Continued from Page 1)

The German seamen have refused to work for the shipowners. They have carried their protest to the United States government. The German seamen are demanding that they be allowed to return to Germany.

1. The German seamen's protest has been supported by the A. T. R. A.

2. The A. T. R. A. has called a national strike of the German seamen.

3. The German seamen's protest has been met with a counter-protest by the shipowners.

Higher Pay?

Better Conditions Brought

(Continued from Page 1)

The introduction of the new wages has brought about higher pay and better conditions for the workers. The new wages have been made possible by the A. T. R. A.'s campaign for better organization of the workers.

Resolutions of CIO Conference

ONCE AGAIN the committee provided an opportunity for any member to speak. J. P. Ryan, the President of the C.I.O. National Maritime Union, made the following statement:

"I am very glad to have this opportunity to address you, of the Organization of a C.I.O. National Fishermen's Council on the Pacific Coast for the purpose of uniting fishermen and wholesale fish handlers along the Pacific Coast and in the state of Washington."

Mr. Ryan then went on to explain that the National Fishermen's Council had been organized in 1935, and that it had now reached the point where it was ready to take on a more active role in the union movement. He stated that the council had been working on organizing fishermen and wholesale fish handlers for several years, and that now it was time to take action.

The committee next unanimously elected John H. Bridges to be a representative of the committee. Mr. Bridges then addressed the committee and made the following statement:

"I am honored to have been elected as a representative of the committee. I will do my best to serve the interests of the working class."

The committee then adjourned.

J. B. Smith, Secretary of the CIO, said: "We have received notice from the Justice Department that they are going to investigate the activities of the CIO. We will be forced to defend ourselves against this attack."

Mr. Smith then went on to explain that the CIO had been working hard to organize the working class, and that they were now being attacked because of their success. He stated that the CIO would not be intimidated, and that they would continue to fight for the rights of the working class.

The committee then adjourned.

ATTENTION, ALL LIBERALS!

J. B. Smith, Secretary of the CIO, said: "We have received notice from the Justice Department that they are going to investigate the activities of the CIO. We will be forced to defend ourselves against this attack."

Mr. Smith then went on to explain that the CIO had been working hard to organize the working class, and that they were now being attacked because of their success. He stated that the CIO would not be intimidated, and that they would continue to fight for the rights of the working class.
