Results In Calling Pickets Off Waterfront By Officials

Blockade Held Threat of Heavy Loss, Representatives of Growers and Shippers Ask Plea Of California Farmers

In San Francisco

The teamsters' embargo of the San Francisco waterfront terminated Monday night, following a plea by California farmers that an embargo on portable goods meant heavy loss to them.

Pickets, who had been on duty in San Francisco, Oakland and Alameda for nearly three weeks, returned to their regular jobs yesterday. The termination of the blockade was announced by the officials of the Teamsters' Union.

The embargo was ordered last Tuesday, following a demand from the growers and shippers that the San Francisco waterfront should be cleared of the portable goods, unless satisfactory arrangements could be made with the teamsters. The teamsters' leaders held that the portable goods constituted an unfair competition and should be prohibited.

Johnson, chairman of the C.O.O., visited labor men at San Quentin yesterday and he and two Leymen in San Quentin yesterday.

"Wages, housing and creases are not enough, because of their loyalty and devotion to the cause. The battle must be won."

The C.O.O. is interested in the welfare of all labor parties and our various unions will continue to cooperate in this movement, the chairman added.

Working On The Railroad Is Not So Hot, Brotherhoods Say; Aristocrats' Face Speed-Up

Claim Average Wage Lowest in Speed-up and Stretch-Out Increases Dividends at Workers' Expense.

The report is based on a sample of 400,000 workers, representing a cross-section of the labor force and the operating brotherhoods.

The general report, issued by the Secretary of Labor, the Department of Commerce, the Bureau of Labor Statistics, the National Maritime Board, and the National Labor Board, shows that the working out of the railroads is not so hot, as the brotherhoods say; the aristocrats' face speed-up.

Having been asked for your opinion in the Seattle L.W.U., No. 134, Matter of Principles of the I.L.A., in which the question of the union's attitude to the proposition of the N.C. that the same local union without the consent of the national union, to organize, is undecided whether that local union has to vote on this question or not.

AN OPEN LETTER TO HARRY BRIDGES

The Place to Eat and Drink—

Alameda, Calf.

Dear Harry Bridges:

I am writing to you today to express my deep concern about the current state of affairs in the labor movement. As a long-time labor activist, I believe that it is essential to maintain the solidarity and unity that have been so hard-earned over the years.

... (continued from previous page)

The AMF and the CP are not the only ones facing this situation. The U.S. government has been represented in their election by refusing to interfere with the election of the Congress of Industrial Organizations, and that the American working man has been put down by the United States Government.

I believe that we must continue to fight against this kind of interference from the government and work towards a future where workers can have a voice in their own lives.

Labor In San Francisco

Somewhere in this fair country there may be a place where workers get together in union halls and mass meetings for the purpose of organizing the unorganized. There may be a place where union programs are mapped out and plans are laid to consolidate the position of weaker unions on the basis of a common solidarity. There may be a place where organized workers get together in order to help one another in the fight against the boss instead of against one another. Strange as it may seem, there is such a place, and it is San Francisco.

It is true that there are old-fashioned enough to want to use their unions against the boss instead of against one another. Strange as it may seem, there is such a place, and it is San Francisco.

After the Damage Is Done

Do we want it said that San Francisco is a place where workers get together in union halls and mass meetings for the purpose of organizing the unorganized? Yes, we want it said.

Do we want it said that San Francisco is a place where organized workers get together in order to help one another in the fight against the boss instead of against one another? Yes, we want it said.

Do we want it said that in San Francisco there is a union that is down and that the energy and resources of the unorganized are thrown into a waste of time. Each of the unions would resent such proposals. There would be very little of such misunderstanding, discrimination and mass meetings, you are justified in your suspicions. Your suspicion is well founded.

Therefore, the Federation is in no position to take a stand for the A. F. of L. will affiliate.

The only thing that could possibly remedy this situation is to have the California State Federation of Labor take a stand for the A. F. of L. will affiliate. If it cannot be done, then the Federation will affiliate with the A. F. of L.

An analysis of the above situation will show that any arbitrary attempt of the Federation to impose differences between the various affiliated unions would be a mistake.

A number of this Committee's officers and members were present at a meeting held last week. An agreement was reached at this meeting, and a policy respecting the leadership of the men of the union was determined upon. The Committee voted to have the following officers elected for the current term: A. F. O. C., or similar as we are, in the meeting to be held on July 26th. The union will be represented by the secretary to get in touch with the exact terms on which the men are to continue work. The resolution, assessing each F.D.S. member, will be taken up at the next meeting of the Federation. The Committee feels that the National Organization, with the seal of the I.B.U., can proudly claim to have made the first step in organizing the men who are in the United States Navy, without the jurisdiction of the CIO, up to the present time.

The Committee also decided to bring the situation to the attention of the members in the United States Navy, and to have a special meeting called for the purpose of discussing the matter. The Committee also decided to write to the Secretary of the Navy, asking him to take action to prevent any possible disruption of this organization. The Secretary of the Navy was asked to take action to prevent any possible disruption of this organization.

The Board of Directors of the San Francisco Electric Company has been meeting this week to consider the situation.
