ALASKA FISHERMEN'S UNION WINS BATTLE AGAINST JAP POACHERS

American Fishermen Threaten to Arm Boats and Demand Government's Attention

WASHINGTON—Japan has failed in its attempts to disrupt the American fishing industry by the enforcement of a boom. This is the result of a successful campaign by fishermen to arm their boats with guns and other weapons. The Japanese government has been unable to prevent the American fishermen from carrying out their threat to arm their boats.

The fishermen have been armed to defend themselves against the Japanese poachers who are illegally entering American territorial waters. The fishermen have been able to keep the Japanese out of their waters because they have been armed.

MANY IMPORTANT DETAILS TAKEN UP BY MEMBERS AT FOUR-DAY MEETING IN S. F.

WORKING SESSION
JANUARY 12, 1937

From the I.O.P.C. Secretary:

Mention was made of the want of an I.O.P.C. member to attend the last council meeting. It was decided to include a circular letter to the members advising them of the purpose of the meeting and the importance of their attendance. The secretary was instructed to prepare such a letter and to have it distributed among the members as soon as possible.

Mention was also made of the fact that the council had always been satisfied with the way in which the secretary had performed his duties. It was decided to express our appreciation of his work and to ask him to continue in his present position.

Secretary's Report:

The secretary reported that the council had always been satisfied with the way in which he had performed his duties. He stated that the council had been kept informed of all important matters and that he had always done his best to serve the members.

Motion: That the council concur in the report of the secretary.

Carried.

Meeting Adjourned at 12:01 noon.

LAWYER PEST STIRS WRATH OF ALL UNIONS

KINGSTON, Tenn. (AP) — "The eight to ten dogs that I have, including the one that I have, are all barking at me." That was the reaction of a lawyer at a meeting of the State Labor Council, who said he felt the dogs were getting in the way of their work.

The meeting was held in a courtroom, and the lawyer said he had never seen so many dogs barking at him in his life.

The State Labor Council is a group of labor organizations that meets monthly to discuss issues of concern to workers. The lawyer was one of the speakers at the meeting.

The lawyer said he had never seen so many dogs barking at him in his life. He said he was afraid they were getting in the way of their work, and he asked the council members to do something about it.

The council members agreed, and they voted to hire a professional dog trainer to come in and train the dogs.

The lawyer said he was happy with the decision, and he said he looked forward to working with the dog trainer to get the dogs under control.

Mr. Kucin: "The dogs are a problem, but I think we can work with them."

Mr. Brown: "I agree, and I think we can find a way to make the dogs work for us."
Punish Lawlessness

If the thirty-two union men rounded up in Portland, Oregon, are guilty of the crimes charged, they should be punished to the full extent of the law. All right-thinking union members will agree to this. They have no business committing anything in organized labor. You can't convert a man's way of thinking by beating him into it.

The bill introduced by Senator Hill-Sheppard in the Senate to push through the Hill-Sheppard bill before the Senate that the guilty be punished in this case. Every union of the many bills that have been introduced at one time or another.

Addison.

The National Lawyers Guild, composed of distinguished attorneys, has joined the American Federation of Labor in its support of the Senate, and the Senate has decided that a Bill should be established immediately.

In the case of the American Federation of Labor-a group that was under attack by American labor-the Senate has decided that a court should be established immediately.

The WPA has just issued a report on unemployed cigar manufacturers are using more and more machines to meet the demands of the public.

Inland Boatsmen's News and Notes

San Francisco, Feb. 28, 1938.

The Inland Boatsmen's Committee has been very active in recent weeks. They have been working hard to organize the carpenters and joiners in the shipyards.

The committee has also been busy with the problem of the Redwood Cannery. The members of the committee have been meeting with the cannery owners and trying to work out a fair wage agreement.

We are happy to report that the committee has made some progress in this regard. They have had several meetings with the owners and have come to an agreement on a number of issues.

We are also pleased to hear that the committee has been working with the local newspapers to publicize the workers' struggle. This is important because it helps to keep the issue in the public eye.

We are confident that with the hard work of the committee, we will soon see a fair wage agreement for the Redwood Cannery workers.

OPEN-SHOP LABOR BAIter WINS MAYORALITY PRIMARY EDGE AS WORKERS BATTLE

By HALORI COY

The age-old lesson of union-west and division-wide has been yet once again a bitter lesson for the laboring man everywhere. The first half of the lesson was taught at the polls in Alaska, on the Flathead, Wash. At Superior a strike at the Evening Telegram, led by the P. O. P. U., was called off. The workers had management. The adjustment was not final. The workers were back on the job.
