Schomaker Resolution Wins Support Of Committee And Concurrence Of Unit Groups

Executive Board's Decision That Schomaker Line Pickets Be Removed and Matter Referred To Convention In June

The policy of the Maritime Federation of the Pacific of the CIO, and the Committee for Support of Committee and Concurrence of Unit Groups, which has been formulated by the Executive Board of the Federation, has been the subject of considerable discussion during the last few days. This policy, as outlined by the President, has been the subject of consideration by the various committees and the Councils.

The President, in explaining the policy, said that the Federation must stand by its decision to support the Committee and Concurrence of Unit Groups in their efforts to maintain the standards of the Federation. The President pointed out that the Federation must not only support the Committee and Concurrence of Unit Groups, but must also be prepared to support the Committee and Concurrence of Unit Groups in their efforts to maintain the standards of the Federation.

The President further stated that the Federation must be prepared to support the Committee and Concurrence of Unit Groups in their efforts to maintain the standards of the Federation, and that the Federation must be prepared to support the Committee and Concurrence of Unit Groups in their efforts to maintain the standards of the Federation.

The President concluded by stating that the Federation must stand by its decision to support the Committee and Concurrence of Unit Groups in their efforts to maintain the standards of the Federation, and that the Federation must be prepared to support the Committee and Concurrence of Unit Groups in their efforts to maintain the standards of the Federation.

DUTY TO SERVE

The rank and file reserves the right to call a strike, we have the right to stop working at any time and refuse to perform the simple routine duties for which we are paid. At all times we have the right to pay and receive the wages due us for the work we do. We may not be compelled to work without feeling any inconvenience. We have the right to change our trade, or refuse to work with persons whom we do not like. We have the right to change the place of our work. We have the right to work for one man, one hundred men, or one thousand men. We have the right to refuse to work for one man, one hundred men, or one thousand men. We have the right to quit any job at any time and for any reason.

CIO has not raised our expenditure for the services of the medical doctor. The committee of five to survey the condition of the sick benefits of the CIO has not been confirmed or will be dissolved.

Although the membership voted to continue investigating the authenticity of the bill "one of the most popular measures put forward by the Roosevelt Administration," it is not his fault that he is subjected to possible cross-examination, however, this does not mean we had to take $10,572 from that source. 

What the members are concerned about is that perhaps this would be the bosses who pack around time the officials' pay it was point-cut. The longshoremen again filled the Olug board to capacity to take the investigation up. One or two bosses can hold up the hiring hall (this refers to those gangs on the waterfront.)

The meeting went on record as a survey, of the $2 dues you pay. Also we find that all papers shipped last week.

Also that we can find no authentic legislation was warmly approved.

Masters, Mates and Pilots News

Dear President of the American Federation of Labor:

We address you today to report the situation of the United States Merchant Marine, as it affects the membership of the AFL.

The United States Merchant Marine is a worthy product of American enterprise. It is the largest and most important Maritime service of the United States. It is a necessary part of any plan to develop a competitive American industry. It is essential for our prosperity, and it is a source of national pride.

We are writing to you today to urge you to take steps to protect the merchant marine and to ensure its continued development. We believe that this is a matter of great public concern, and we hope that you will give it your full attention.

Sincerely yours,
[Signature]

President,
