Stop On Air

Labor is on the air again. Join every evening, except Saturday
from 6:15 to 6:45 p.m. Station KYA, 1230 on
your crystal set. Contact MA 0001 for
the schedule. Support your favorite.

MACHINISTS RENEW FAITH IN FEDERATION

The Machinists Convention ended in the
worst possible style last week, with the
success of the Federation in denying rumors
that it might have voted for an affiliation
with the American Federation of Labor.

Several international officials of the
Machinists' Union supporting the
Federation movement, stated that
they observed discussions on the
Federation, but that they have not
heard that the federation would
vote to affiliate with the American
Federation. The statement was
made by the Federation leaders.

Maritime Unions Will Ask Veto Of Merchant Marine Bill

The following report compiled by Ralph Emerson and Lee A. Flanagan, Legislative Representatives of Maritime Unions, was presented to the Federation and published in the official conference report so that members of the Federation might be aware of the danger confronting them through anti-labor legislation.

desolation in Japanese Wake

Japanese telegraphers telling a heart-rending story on an enemy military on the northwest, which was received by a heavy barrage of heavy Japanese artillery.

We saw a note from a Japanese general, read: 

"The desolation in the Japanese Wake was the result of a rocket attack by Japanese aircraft."

We have succeeded in having certain measures adopted in the Senate dealing with the Senate and necessary to effectuate the purposes of the program. The President has promised to sign the bill.

LUNDEBERG PROMOTES RIVAL FEDERATION, WITH HEARST'S BACKING, SUPPORTED BY BECK

By (Convention Publicity Committee)

Harry Lundeberg, who has been the West Coast labor leader, the speaker, and the organizer, is now in the forefront of the labor movement, as the organizer of the new Federation. He is now working in the capacity of a labor leader.

The resolutions report is now available for the meeting.

You have not fulfilled every duty unless you have fulfilled that of being pleasant.—Buxton.

Terror in Canton

(From the Washington, D. C. Post)

For many months, thousands among the workers have been dealt with in the most inhuman and brutal manner by the authorities. They have been tortured and murdered, and their bodies thrown into the streets. The principal purpose of the bombings is to keep the workers in a state of terror and to prevent them from organizing. The workers are being subjected to a relentless campaign of terror and murder.

If necessary, articles taken at the time of the Revolution will be returned and no action will be taken for the present.

Resolution No. 1

A resolution was adopted by the Convention, which was completely resolved in favor of the resolution. The resolution was moved by the Convention and was adopted unanimously.

Resolution No. 2

Resolution No. 2 which would be inserted in the report of the CIO's committee on the question of organizing the seamen, has been adopted by the Convention.

Halt's Wage Cuts in N.Y.

NEW YORK—(AP) A bill to extend the wage cut to a year's old bill was introduced in the New York State Legislature yesterday, in a move to protect wages of workers in the state. The bill was introduced by the Labor Committee of the Senate.

Property Owners Set Good Example

When property owners near the proposed park site learned this year that the land was to be subdivided they were taken to the park and shown the area and the cost to them at the rate of $8.60 per 1,000 square feet of property.

They got their park.

U. S. Aiding Japan

(Deficit Janeway in Harper's Magazine)

Japan is the one nation in the world whose agreement would be destroyed if the country could not be defended. It is a nation of which we are proud, where the people are free, and where the principles of democracy are respected.

The bombing of Pearl Harbor, for example, was completely resolved in favor of the resolution. The resolution was moved by the Convention and was adopted unanimously.

Krossen, Wk., June 25, 1938.

Once more a number of the employees, repre-
sentatives of the AFL, went up to the plant of the
Alaska Red Salmon Packing Co., in Seattle, on
Thursday, to demand a meeting. They had been
sought by the plant manager, J. D. Reim, but had
not been granted an interview.†

Their employers are well organi-
zated under the leadership of
Mr. Reim, and they have a con-
non under the laws of the
State of Alaska. The AFL has a
union of fishermen in the
States, and has 100% of the
AFL employees who are
involved in the dispute.†

These employers were
meeting about the issues,
and they are afraid of any
solution that may be
found. They are also
impatient with the
AFL employees, who
are striking for a
better wage and
better working conditions.

They have been
meeting for several
weeks, and it seems that
they will not agree on
any solution. They are
also afraid of the
AFL employees, who
are striking for a
better wage and
better working conditions.

A AFL executive council has
sent a number of its members
to the plant of the Alaska
Red Salmon Packing Co., to
represent the AFL employees
who are striking for a
better wage and better
working conditions.

They have been
meeting for several
weeks, and it seems that
they will not agree on
any solution. They are
also afraid of the
AFL employees, who
are striking for a
better wage and
better working conditions.

Convention Highlights

The Maritime Federation of San Francisco, represented by Eastern Federation
and the Local 40 Federation, made its first appearance in the political arena.

SAN FRANCISCO—The Maritime Federation of San Francisco, represented by Eastern Federation and the Local 40 Federation, made its first appearance in the political arena.

The convention, which was held in the San Francisco Civic Auditorium, was attended by delegates from all parts of the United States. The meeting was called to order by President John F. Kennedy, who delivered an address on the need for increased labor organization and cooperation among workers in the maritime industry.

Kennedy said that the maritime industry was facing a number of serious problems, including low wages, poor working conditions, and lack of recognition by the government. He called on the delegates to work together to solve these problems and to build a stronger labor movement.

The convention was opened with a speech by Secretary of Labor Arthur Goldberg, who praised the delegates for their efforts and called on them to continue their work. He said that the maritime industry was one of the most important in the country and that it was essential that workers in this industry be treated fairly and with respect.

The convention was followed by a series of speeches by labor leaders, including AFL-CIO President George Meany and CIO President Walter Reuther. Each speaker emphasized the need for unity among workers and called for increased cooperation between labor and management.

The convention ended with a vote of confidence in the leadership of the Maritime Federation and its president, John F. Kennedy. The delegates pledged to work together to build a stronger labor movement and to achieve fair treatment for all workers in the maritime industry.
Power of Unscrupulous Lobbyists Shown in 75th Congress

The following letter from Ralph Nader, legislative representative for maritime unions in Washington, to labor leaders and workers:

Enclosed you will find copy of a statement which we submitted on the Floor of the House of Representatives on June 13, 1938, in opposition to the establishment of an unemploying Railroad Retirement Board.

We feel that these changes would serve that will be set up by this Board, would still be eligible for receiving benefits.

ROBERT O'NEIL, Washington, D.C.
