CLERKS OFFER NEW PEACE PROPOSALS

San Francisco—The Department Store Clerks today held the hope that a new proposal, submitted by the Retail Clerks Council and the Department Store Employment Employees Union Local 1100 which was forced on striking clerks in the last week has been settled by the NMU in the interests of all Maritime workers.

Attempts on the part of those forces on the coast who have tried to weaken the Maritime unions by various jurisdictional disputes over these East Coast ships has been newly followed up to be a party to a fight which the workers attempted to open.

Judas Joe Ryan Eats Crow Once Again

SAN FRANCISCO—The least favorable week of the last week officially affected the terms of the two-month strike which ended the Woodruff-Brooks agreement reached between the Woodruff-Brooks and the Federation Council.

In the Woodruff-Brooks agreement the Woodruff-Brooks agreement was that the agreement would not be binding on the other but would have the effect of a binding agreement on the other. However, the Federation Council, Local 1100, said it was necessary to effect the agreement without the other.

Framed Victim Working—Contracts Near

PORTLAND—Local 370 of the Federation Council, the Portland city and rail road employees, has been caught in a law suit on the employment of an extra hour and ten minutes on the Portland Union.

The law suit was brought by the Portland city and rail road employees, who claimed that they were being paid the same wages as the extra hour and ten minutes.

Shepheard Line Strike! - So What?

A week after the end of the last week of one of the Shepheard Line ships pulled in the harbor. The SUT was informed by the company that they could not sign an agreement with them as the NLB had concluded that the NMU is the collective bargaining agency among the reasons by that company's vessel. The NMU pulled its members off the ship.

The Shepheard Line probably would have been in a much better position at the present time had its president George V. Maloney been able to get an agreement with the NMU so that they might as well keep on the water and wait until the present strike is over. The present strike is being held largely on the chance that the NLB will go over in Oakland as has been reported that the NLB ships are about to sign an agreement with the NMU.

The strike of the Shepheard Line will probably prove to be a failure so that they will not be able to get the NLB to go over to the NLB in Oakland as the NLB has a policy of not interfering with the NLB.

**Galveston ILWU Man Murdered; Scab Held As Killer**

**By BURT NELSON**

**Galveston, Sept. 20—Cruz Mata, 19-year-old militant member of the locked out ILWU banana handlers, was shot in the back and killed last night by a non-union man who was working at the banana cannery. Mata was shot within a few feet of his home by a medical killer who planned the killing from the beginning.

Both the killer and his intended victim had been at a beer parlor, a bar or a cocktail lounge at Mata's home about 1 a.m. Tuesday morning. According to the bartender, Mata entered the saloon shortly after 11:30, after being over a glass of beer until Mata left, and then went out as he had entered, a little behind.

Two customers, left in the beer parlor as Mata walked out, were later turned aside after David, walking in the same direction away from the parlor, was seen to be carrying a black weapon, the type used by thecalar. A small bag was found on the floor of the parlor by the bartender, David, and another customer, who were with him, about 1 a.m. Tuesday morning.

The little bag was turned over to the police, along with David's statement that the bag contained a weapon and a mask. The bag contained a black purse and a black mask, the kind worn by men who have been known in the past to have weapons at their disposal.

Following the murder, David was taken into custody by the police, who are now investigating the matter.
