**Dictators Won’t Go Under the Rank and File**

San Francisco, October 1, 1936.

The rank and file of the Maritime Union have taken a stand on the part of the people. These men have shown that they are willing to fight for the rights of the working class. They have proved that they are capable of doing so.

**Organized Labor Must Unite Its Forces To Save Democracy**

A call for unity among trade unions was made at the recent conference of trade union leaders. It is necessary that all working-class organizations join together to fight against the forces that are arrayed against the labor movement.

**Best Letter of the Week**

**The Price of Money Paying for Democracy**

Voice of the Federation: The West Coast Section of the San Francisco Union Meetings on September 29, 1936, carried news concerning six SUP men presently in Spain. This “news” implied that these men who are now in Barcelona were reaching out to destroy the SUP. It was further reported that they had been behind in dues, signed a membership card that had been forged by the Communist Party. Therefore they were expelled.

I would like to know who had in mind the idea of disbanding the SUP which has been behind in dues. If it was the Communist Party and state and why doesn’t the WCI publish it? As regards signatures of membership cards, this is a matter of note with all of us members of the Communist Party—when is it that God will forgive us for our sins?

Who are the members of the SUP who have been behind in dues? Who is the accuser? The WCI doesn’t name the accusers! Doesn’t the brake treat of the WCI know that membership in the Communist Party isn’t legal? Isn’t the Communist Party on the ball in many ways?

N. M. is destined to raise that a member of the WCI is going to stand in the WCI through this action. For the time being let us all set down the idea that we are going to stand on the same line. N. M. has no more right to stand on the line than any other member of the Communist Party. If we are to argue on the basis of credit we will have to give full consideration by the WCI to the demands of democratic organizations, especially those of the working class.

I am more than willing to say that the WCI should be made to stand a little higher in the eyes of the working class. In view of the fact that we have had our government in the hands of a minority of a minority, the working class has a right to stand in front of the WCI. I believe that the WCI has a right to be made to stand in front of the working class and that the working class should be made to stand in front of the WCI.

Tobin

Chestnuts

Compliment

Stamfield

By WALTER J. STACK

Congratulations, Brother Tobin

Last week Daniel Tobin, International president of the Stewards' Union, laid down the law to the national AFL convention meeting in St. Louis. His speech called for the organization of labor in the AFL. The Stewards' Union has been fighting to improve working conditions for the past six weeks. Tobin's speech called for the establishment of the union in the AFL.

TIRED OF PULLING CHESTNUTS

Farther Brother Tobin realizes that he has been pushed around as a victim of the AFL—516,000 members of his union insist on their rights. His ability to pull chestnuts has been limited by the AFL, which he states is not a union. He wants to change this by forming a new union with the AFL.

WORKERS COMPLIMENT WORTHY EFFORTS

The workers have complimented Tobin for his efforts in improving the conditions of labor. They have praised him for his commitment to the AFL and his efforts to improve workers' rights.

BROTHER STANFIELD WITH US AGAIN

Last week the Stewards' Union welcomed another member to their union. Brother Stanfield was suspended from the AFL for nine months. He has now been readmitted to the union.

BROTHER MURPHY IS HERE

A letter was received at the AFL headquarters from Brother Murphy, indicating his intention to return to the union. He had been suspended for nine months.

Shipping

Statements have been issued by the Maritime Commission through the government-owned ships, 90 percent of the stock of the Dollar Line, to give the workers a voice in the government. They have also issued a statement last week stating that the government-owned ships will be running with only four months of the government's charter agreement.

New Orleans—After months of turmoil and brutal labor struggles, the union trustees in New Orleans and Mobile, including the board of directors, have met to discuss the situation in the Union. The trustees have come to the conclusion that the board of directors is the most suitable body to handle the situation. They have also decided that the board of directors should continue to act as the board of directors.

GULF NEWS

Mobile, New Orleans NL Labor Election SCHEDULED THIS WEEK

As the rail workers prepare for the election, the union trustees in New Orleans and Mobile have been debugging the situation. The trustees have come to the conclusion that the board of directors is the most suitable body to handle the situation. They have also decided that the board of directors should continue to act as the board of directors.

LA President Arbitrates Strike

(From the Daily Workers) The President of the LA AFL has arbitrated a strike that was called by the dock workers in New Orleans and Mobile. The President of the LA AFL has decided that the dock workers in New Orleans and Mobile should continue to work.

What's in a Red Name?

For the labor union that has just started to organize, a new name can be a symbol of its strength. For the workers who have been organizing for years, a new name can mean a new beginning. A new name can be a way to let the world know that the workers are ready to fight for their rights.

Labors Privilege Denied Right to Appeal

This week's decision by the Board of Appeals of the AFL to deny the laborers' Right to Appeal is a blow to the labor movement. The Board of Appeals has refused to hear the laborers' appeal, which was based on the workers' rights to organize and strike for better working conditions.

Visitors—Longshoremen—Seamen—see your common bond to bring peace and unity to the labor move to end the sit-down strike.

President Franklin D. Roosevelt has requested that the Maritime Federation of the Pacific adopt a plan for peace in the labor movement. President John L. Lewis, head of the Committee for Industrial Organization, has talked to the head of the American Federation of Labor, George Meany, and the two leaders realize this and are willing to make every effort to bring about a settlement.

Longshoremen say they are willing to bring the sit-down strike to an end if President Roosevelt agrees to make every effort to end the war. "It is sad that this long conflict between the workers and the owners of the Dollar Lines has come to this, but the workers are willing to bring the strike to an end if the government promises to make every effort to end the war," said a longshoreman in Seattle.

President Roosevelt has made every effort to make peace in the war. "I have made every effort to make peace in the war," said President Roosevelt. "I have made every effort to make peace in the war."

The Maritime Federation of the Pacific voted to make every effort to make peace in the war. "We voted to make every effort to make peace in the war."

Fishermen Ask Relief Project: Food Shortage

Agent, United Fishermen's Union
251 Third Street
San Francisco, Calif.

Mr. Grover Cleveland, Governor of California:

I have been negro fisherman from the San Francisco area for over thirty years. I have been on watch at sea many times when my shipmates were victims of injury, violence, and subversion. I have seen my friends and fellow workers suffer and die from the effects of an unjust labor system.

In recent years I have seen the effects of a new type of social主机鱼衄, which is a combination of the worst elements of capitalism and communism. This system has created a class of workers who are forced to live in poverty and suffer from hunger and disease.

I am writing to ask you to consider a proposal for a relief project in the San Francisco area. This project would provide food for the unemployed fishermen and their families, and would also help to rebuild the fishing industry.

I believe that such a project is necessary to prevent a social explosion, and I urge you to give it serious consideration. Thank you for your attention to this matter.

Sincerely,
