HUNTSVILLE, Tex., Oct. 14.—Today the Executive Council of the American Federation of Labor met with International Labor Secretary to Harry Lundeberg of the U.S. Shipping Board last Thursday. The U.S. Shipping Board, the poster to the federal government responsible for shipping labor relations, is in the process of trying to organize the maritime workers on the Pacific coast.

One MORE OBSTACLE in the way of organizing the maritime workers is the passage by the U.S. Congress of the long-controversial Copper River and Pacific division bill. The bill has been in the hands of Congress for over a year, and it is now expected that it will be signed by the President. The President's signature will give the bill the necessary authority to organize the maritime workers on the Pacific coast.

The bills passed last week in Congress are expected to be signed by the President shortly. The President's signature will give the bills the necessary authority to organize the maritime workers on the Pacific coast.

Voice From Spain

I quote from a letter just received which took a wounded
man three days to write on a bed in a hospital in a Spanish
province. When he finally arrived in good standing in the
RUP. He offered his very life and
bitterly against a world order that is on rec-
and was a doctor because they belonged to Local 46, AFT.

I am deeply grateful for the opportunity to address you,
and to express in this way the sentiments of our com-
what he went to fight for and
himself. The man's wife, who was also a worker calling you
will say that keep an eye on him if you want to
jobs. He seems to have known

The man's wife, who was also a worker calling you
wouldn't know a part-time because

He was trying desperately to re-

$180 to AFL $400 a Week Sabotage ISU to SIU Raids Doomed

By WALTER J. STACK

$180 to the A. F. of L. $11 in TREASURY

At the last regular meeting the question of extravagance again was brought before the members of the San Pedro officials. The minutes showed that besides the usual long list of bills, $180.00 was given to the State AFL by the San Pedro officials.

It's certainly laughable of our officials when they think they need to pay $11.00 a month for the State AFL when, we shouldn't even add it to our dues.

The minutes show that the usual long list of bills were paid including, $10.00 to the State AFL and $179.00 to the AFL.

The only ones benefiting by these payments are the AFL officials.

SABOTAGE OF MARITIME UNIONS

The general rule of all unions is to support the maritime unions against the employers. This principle has been followed by a few unions, but in the case of the SUP, which has become the largest of the maritime unions, this principle has been given up.

The SUP has been working to increase its membership, but it has not been able to do so without resorting to violence.

The SUP has carried out its plan of sabotage against the maritime unions, and has succeeded in keeping them from functioning properly.

Members Reject Baltimore Hall

The Baltimore Hall was opened by the SUP, but the members of the SUP did not have the opportunity to vote. The members were told that they would be given the opportunity to vote at a later date.

The voting was done by a worker and a board of supervisors.

The vote was held on the afternoon of the 20th of October, and was won by the SUP.

The SUP was able to gather a majority of votes, and was thus able to win the vote.

The vote was held in the usual long list of bills, $180.00 was given to the State AFL and for the CIO. The vote was won by the SUP.

The SUP is now in a position to control the AFL and the CIO. The SUP is now in a position to control the AFL and the CIO.

The SUP is now in a position to control the AFL and the CIO.

I. L. S. TO S. I. U.

The AFL Convention in Honolulu went on record to take action against the SUP and the maritime unions. The SUP was expelled from the AFL and given to the CIO.

The question of the SUP and the maritime unions was taken up by the AFL and the CIO. The question of the SUP and the maritime unions was taken up by the AFL and the CIO.

The SUP and the maritime unions were expelled from the AFL and given to the CIO.

Editorial

Entry of the workers is the burning question today. A united labor movement is the only way to make any headway toward industrial peace, and the new state-wide law which would bring legal Fascist War Labor against the West Coast has become a burning question.

The Maritime Federation of the Pacific is the first organization in the country to make a determined stand against this law. The Federation is fighting for its self-preservation, and is fighting for every worker's right to united action.

The new law is a direct attack on the Federation's right to picket, to strike for the maintenance of wages and working conditions, and to organize in its own way.

The Federation has always been opposed to political activity on the part of labor, and has always insisted on the right of workers to unite for the purpose of securing a better world through a united labor movement.

The new law is a direct attack on the Federation's right to organize and to strike for the maintenance of wages and working conditions, and to unite in its own way.

FISHERMEN

MONTEREY FISHERMEN VOTE TO WALK OFF BOATS NEXT MONTH UNLESS UNION RECOGNITION GIVEN

MONTEREY, Calif.—A walkout threatened here October 10, members of the United Fishermen's Council of the Pacific at Monterey heard Andrew Vigen, Secretary of the United Fishermen's Council, and Z. R. Brown and J. W. Cline, prominent members of the Maritime Federation of the Pacific pledge full support to the fishermen in their struggle for recognition of their Union by the owners. Following the move from other organizations, the members voted to walk off the boats next month (November 7), unless the Monterey boat owners negotiate a working agreement with their Union by that date.

Workers Strike

SAN FRANCISCO—The workers of the Northern Pacific Corporation (union and members of the United Fishermen's Council), affiliated with the United Fishermen's Council, were the object of a strike last week. A few hundred yards from the docks, the telephone operators, who have been facing a battle against the United Fishermen's Council, went on strike on October 10.

The operators are members of United Fishermen's Council, which also represents the dock workers, clerical workers, and printers.

The cause of the strike is the failure of the company to meet the demands of the operators for a better wage and better working conditions.

The strike has been supported by the workers of the United Fishermen's Council, who have also been facing a battle against the Northern Pacific Corporation.

Why Workers Should Vote No On Proposition No. 5

Proposition No. 5, submitted before the voters of the state of California, is a dangerous piece of legislation. It is a thinly disguised attempt to perpetrate another unfair labor practice.

The measure is designed to give the railroads and other employers carte blanche power to discriminate against workers, to strike them if they join a union, and to deprive them of their constitutional rights.

The workers of the United Fishermen's Council urge all workers to vote no on this proposition, as it will be a serious blow to the labor movement and a step forward in the struggle for the rights of workers.
The following Unity group which the owners of the legislature. This was the only one belonging to show him the error of his ways. A cartoonist could have done the same thing which has been members of the labor council refused to allow the newly chartered unions to the strike. The owners of the territorial Legislature which will day it opened it was visited by 1011 union supporters. **FOREIGN NEWS**

**SAN PEDRO**

By ELMER MEVRET Chairman, Spacers Bureau Joint Committee Against Proposition No. 1, Member ILWE 1-13, Book 2937.

SAN PEDRO.—The fight is on in earnest! The fight against Proposition No 1 and the election of a liberal, progressive, pro-labor slate on November 8 is becoming more and more desperate the battle is being waged in the field, progress or reaction for the State of California. Which shall it be?

This is something that is in the air in California. It is a fight between the labor and the employers. The money that is being poured into this campaign is a veritable war chest. The labor unions have all the backing that they want and the employers have all the money that they can spend. No one can say that this is not a fight. But, trade unions and employers are both determined to win this fight. The battle is being fought in the streets of California and the outcome will be decided by the votes of the people. The fight is on in earnest and the workers of California must stand up and be counted.

The workers must stand up and be counted. The employers have all the money that they can spend and the workers have all the power that they can use. The workers must stand up and be counted. They must stand up and be counted. The workers must stand up and be counted. The workers must stand up and be counted.

The workers must stand up and be counted. The workers must stand up and be counted. The workers must stand up and be counted. The workers must stand up and be counted.

The resolution came after a long negotiation process in which ILWU leaders had signed a collective bargaining agreement with the employers. The ILWU's demands for a higher wage and better working conditions were finally met.

The judge ruled that the members of the workers' union had the right to strike, but only if they followed the procedures outlined in the contract. The judge also ruled that the ILWU could not strike without giving the employers at least 48 hours notice.

The ILWU was pleased with the ruling and vowed to continue to fight for the rights of its members. The employers, on the other hand, were disappointed and vowed to appeal the decision.

The workers' strike is expected to have a significant impact on the port's economy. The port is one of the largest in the world and is a major hub for international trade.

The strike has also sparked a debate about the rights of workers to strike and the role of the courts in resolving labor disputes. Some argue that the courts should be involved in settling disputes, while others argue that negotiations between the parties should be left to the parties themselves.

In the meantime, the port is bracing for a possible slowdown in business as the strike continues. The ILWU leaders are hoping that the strike will end quickly and that the port can return to normal operations as soon as possible.

总的来说，这是一个关于工人争取权利的历史事件。无论是工人还是雇主，都在为这个事件做出自己的努力。这个事件的最终结果，将是工人是否能够成功地争取到他们的权利，还是雇主是否能够成功地阻止工人罢工。我们只能等待时间来告诉我们答案。
