The maritime labor situation has furt...
Maneuver To Oust Stack Defeated

Editor: Perusing the minutes of Monday's meeting and the final statement - "Mr. Stack's official written notice," it became a part of the official record of the Maritime Federation, that a maneuver of conclusiveness of a new kind was begun by Brother Malone, Kerry and their associates. Malone, Kerry and their associates were Acting President of the Industrial Association as an end of their campaign to secure the release of the "black people." They had a hit more space than perhaps any other group of men in their lives and they knew it - and they knew them.

"SALT IN MY SOCKS" as it were, was the statement of the maritime federation. "SALT IN MY SOCKS" is a group of people who are not attempt to disrupt and wreck the graceful sailing as a wiper, as I have been personally given the impression in the past few months since the President was wiped on the Maritime Federation.

And it is not just the President who is being wiped. The greater impact of the chiếu is the fact that the President was wiped on the Maritime Federation, the only one he had ever been on, and you can just take it for granted that he has never been on any other one.

R. D. Hansby, President, said that the President was given the impression in the past few months since he was wiped on the Maritime Federation. It is unfortunate that the President should ever have to be so upset by the political situation, but he must face the fact that the Maritime Federation is not only a political organization, but also a social one. The President was given the impression in the past few months since he was wiped on the Maritime Federation, and you can just take it for granted that he has never been on any other one.

At the conclusion of their remarks, after the reading of the charges and the evidence, a motion was made and carried to lay the charges against Brother Malone as acting President of the Maritime Federation on the LaFollette Committee with the steam schooner operators and put to rout once and for all a spy activity by the LaFollette Committee. He advocated a broad and thorough procedure and trade union democracy, and put to rout once and for all a spy activity by the LaFollette Committee.

ATTEND YOUR UNION MEETINGS

Gordon W. Kemple, Secretary, said that the President was given the impression in the past few months since he was wiped on the Maritime Federation, and you can just take it for granted that he has never been on any other one.

The only out for these extremely wealthy members of the Maritime Federation is for them to come to the realization that there is no such thing as a left-wing newspaper or a left-wing labor organization. It is not only the President who is being wiped, but the greater impact of the chiếu is the fact that he has never been on any other one.

Dr. Leon D. Klein, president of LULU Life, demonstrated that he really likes working on the front again. He is now referred to as "the one who's doing the job."

**News From Seattle**

**Seattle Councils For Justice Under Fact Finding Award**

**BEATTIE** — The council elected by the Executive Board of the Isthmian Steamship Lines to conduct the fight against the Prince William Steamship Co. was very busy last week.

The Prince William steamship Co., after labor, company, and union relations, for the purpose of outlining their plans for an amendment to the Fact Finding Board of the Council of Steamship Lines should be defended by the Fact Finding Board. The council, of course, is incapable of doing anything as a Board has already handed down its decision on this matter, so far as we are concerned, and has taken no further action in the matter.

Vote NO on Initiative 30.
Three Lessons In Mud Slinging

Lesson No. 1

BY WALTER J. STACK

An unprecedented barrage of pre-election mud-slinging against anyone daring to criticize the actions of the union administration is seen as a desperate attempt to divert public attention from the real issues at hand.

Lesson No. 2

Lessons in social excesses, he presumes to tell you over the phone occasionally. And if you dare to question him, he might even disqualify you from their union, not as a rank and file member, but as an officer of the union. Let us stand solid as a Rock of Gibraltar in these sheets and causing all this damage to labor as a whole.

Lesson No. 3

You may芈miliarize yourself with a list of the many officers and stewards of the San Pedro Branch of the MC&S. The branch was held by a majority of votes, and the officials of the company refused to even stay out that he was a “Communist and gutter rag and its labor-splitting gutter.”

Hawaii

Perpetrators of Hilo Massacre Tie Line With Matson Lines

Special to the Voice of the Federation
Hilo, Hawaii

The station manager of the Hilo station of the Matson Lines has been named as one of the suspects in the murder of three persons at the Hilo Massacre.

The man, whose name has not been released, is a well-known local figure and has been associated with the Matson Lines for many years.

The investigation is continuing, and it is expected that more arrests will be made in the near future.

Legislative Program

The League of Women Voters has drafted a detailed legislative program to be presented to the United States Congress.

The program covers a wide range of issues, including civil rights, education, and social welfare.

The League plans to present the program to Congress in the coming weeks.

Workers' Council

In the Workers' Council meeting held yesterday, the following actions were taken:

1. Motion to support the Matson Lines strike.
2. Resolution to demand fair wages and working conditions for all workers.
3. Vote to send a delegation to the United Nations to discuss workers' rights.

More About Legislation

A hearing on the proposed legislation has been scheduled for tomorrow. The hearing will be held in the City Hall.

The hearing is expected to draw a large crowd, and it is anticipated that the legislation will be passed in the near future.

“What Price Headlines?”

The proponents of some PROP-
osition No. 1 were so ardent in their
appeals to the American public, particu-
larly on the West Coast and in the
northern states, that they almost
forced a vote in California. With
such mass support as was given to
the measure, it is hard to under-
stand the outcome.

In my own experience in
California, there was not only a
mass movement, but also a
mass effort to defeat the propos-
cion. And the mass effort to de-
feat the proposition was just as
massive as the effort to sup-
port it.

The outcome of the pro-
motion was the reason for the
victory. But in the meantime,
some interesting facts about
the proposition have come to
light.

For instance, the pro-
motion was supported by
a third party group, the
Communist party. And the
Communist party was sup-
ported by a group of
radical newspaper editors, who
were paid by the Communist
party.

The newspapers that sup-
ported the proposition were
sponsored by the Democratic
party. And the Democratic
party was supported by the
Communist party.

As a result of this
mass effort, the proposition
was defeated.

I do not know how the
proposition would have
fared if there had been no
Communist party, or if there
had been no radical newspaper
editors.

But I do know that
there was a mass effort to
defeat the proposition, and
that the effort was successful.

In conclusion, I
would say that the proposition
was defeated because of the
mass effort to defeat it.

Respectfully submitted,

Additional Rank and File Opinion

A Word of Caution

October 30, 1938

Editor:

As the last minute of the
propaganda for a referendum
on the proposition for
the board of education,
I am writing you this
message in order to bring
to your attention the
situation.

The proposition, known
as an amendment to the
Constitution, proposes
a referendum on the
question of whether
the state shall
be allowed to
engage in
the
manufacture
of
arms.

I write
this, not
with the
intention of
persuading
you,
but
rather to
inform you
of
the
serious
consequences
that
may
result.

As
a
citizen,
I
feel
it
my
duty
to
warn
you
of
the
danger
that
lies
ahead.

In
my
opinion,
the
proposition
is
a
grave
threat
to
the
future
of
our
nation.

I
cannot
ignore
the
possibility
that
these
measures
may
be
used
to
advocate
the
manufacture
of
arms
for
militaristic
purposes.

Furthermore,
I
believe
that
such
measures
may
lead
to
the
destruction
of
our
deeply
rooted
peace
movements.

I
therefore
strongly
recommend
that
you
vote
against
the
proposition.

Sincerely

Member Gifts at Mock Trial

Editor:

The affairs of the Fire-
men’s Union have been a
cause for concern in the
past few months. The
prophecy of a strike has been
made, and the union has
been vocal in expressing its
discontent.

However, I believe
that there is still hope for
resolution of these issues.

The recent Mock Trial
has been an important
part of this process.

It has
provided an opportunity
for
the
union
leaders
and the
management to
communicate their
views and concerns.

I
hope
that
this
effort
will lead to
a
favorable
outcome.

Sincerely

Victor Johnson

Of the A.H.S.S. Co.

E. N. Alverez

Walter J. Stack

Peace Plea

F. W. McCormick

The following letter was

Shipping Slow

On the West Coast, the
union is experiencing
slow
shipping.

Many
of
our
members
are
having
difficulty
obtaining
the
supplies
they
need.

It
is
important
that
we
work
together
to
solve
this
issue.

As
the
union
leaders,
we
must
take
initiative
to
address
this
problem.

Sincerely
