"An Injury To One Is An Injury To All"

SAN FRANCISCO—Z. R. Brown, Secretary of Maritime Labor's Non-Partisan League, yesterday sent a letter to the U.S. Maritime Commission urging that the case of Tom Mooney, the beloved labor organizer, be heard by the U.S. Supreme Court.

MOONEY'S PLEDGE

"I am not unmindful of the fact that this case is not merely one of an individual charged with a crime. It involves a whole economic, political and social order. The Fullenway is in a state of decay throughout the world. It will be replaced and I hope it will be replaced by a better social order. To that end I shall dedicate my life.

"I know of no greater force that can halt Fascism than the labor of the working man. I want to befriend and devote my life to bringing about this end."—Tom Mooney.

SAN FRANCISCO—"You have paid a tribute to me that seldom comes to few men . . ."

Mooney was the words of Tom Mooney as he looked at the upraised faces of 150,000 persons who had gathered on the Civic Center to welcome their beloved labor martyr home after more than 24 years.

"This is the happiest day of my life," he said, and you could see the tears in his eyes. "I want to thank you from the bottom of my heart.

"I want to thank the hundreds of the Solidarists who have been in prison since the day they were created.

"I want to thank the Justice Department for the way they handled the case. I want to thank the Y.M.C.A. for the help they gave me."

"I want to thank the people of all countries for the help they gave me."

"I want to thank you for getting Warren W. Billings out of prison."

"I want to thank all of my friends throughout the world. Tom Mooney stepped to the microphone to broadcast to the listening world his plans to work for the unity of the workers and the resultant effect on the freedom of the world."

Hailing all his friends throughout the world, Tom Mooney stepped to the microphone to broadcast to the listening world his plans to work for the unity of the workers and the resultant effect on the freedom of the world.

AN OPEN LETTER FROM SPAIN
To the Membership of the Maritime Federation of the Pacific
Dear Brothers,

We feel it necessary to express to the American maritime workers who have voluntarily entered our century to fight against International Fascism and for the independence of our country, who are now bearing the brunt of the battles of our generation, our very sincerest wishes and sentiments. We again make known our tributes to whom we have fought side by side against Fascism and to whom we now look for help and guidance.

There are many maritime workers, members of the Maritime Federation of the Pacific, who have come to Spain, to help us free our country where they have done fighting for the liberties of all nations. We, the Maritime Federation of the Pacific, join these comrades in their fight for the freedom and independence of our country.

We feel that we can only truly express our sympathy and respect for our comrades in Spain by fighting for the freedom of our country and by working for the establishment of a world government, where all workers have equal rights and equal facilities for the development of their intellectual and physical abilities.

Therefore, we hereby call upon all American maritime workers to contribute to the fund set up by the Maritime Federation of the Pacific for the relief of the families of our comrades who have fallen in the service of our own and our comrades in Spain.

Signed,
ALAN MURPHY

Roosevelt On Fascism and Labor Rights

President Roosevelt, Washington, D. C.

Dear Mr. President:

I am deeply gratified to have been re-elected as chairman of the Board of Directors of the American Federation of Labor. As I take my second term of office, I wish to express my appreciation of the hearty endorsement of my fellow members of the Federation. They have voted for a more vigorous and effective program of action than ever before in the history of the American Federation of Labor.

I believe that the American Federation of Labor has made a great stride in the field of labor. It is our duty to see that this progress is maintained and extended. We must work for the establishment of a new system of labor legislation, which will give the worker the right to form and join unions, to bargain collectively, and to negotiate agreements with employers. We must also work for the establishment of a new system of social security, which will provide for the worker's old age, sickness, and unemployment.

We must not be blind to the fact that fascism is a menace to the welfare of the working man. It is our duty to fight against fascism and to support those who are fighting it. We must not be satisfied with mere words. We must act. We must not allow the fascists to gain control of the government. We must not allow them to destroy our hard-won rights and freedoms.

We are meeting the present situation with courage and determination. We are not afraid of the threat of violence. We are not afraid of the challenge of the fascists. We are ready to meet the challenge and to fight the battle.

I have the confidence of the workers of America, and I am confident that we can overcome the enemies of freedom. We are not alone. We have the support of the masses of the people, and we have the support of the government. We are determined to fight the battle to the end.

Very truly yours,

[Signature]

Bruce Hammon, Secretary-Treasurer,
American Federation of Labor.
LABOR'S NON-PARTISAN LEAGUE should be damned. "Labor has no place in politics. Labor must win the battle on the economic field."

Many of these statements had been made before, and had never been united as it was in the New Deal, Roosevelt administration, helped greatly. Labor unions in the Northwest are affiliated, led the fight for the die-hards who are so militant on the economic field.

The man who faced this bitter persecution for almost a quarter of a century without flinching—Tom Mooney—came to the gates of San Quentin for him. The Pacific Coast Marine Firemen, Oilers, Water Tenders and Wipers Assn., and a better nation."

There are yet other victories organized labor must win: the Washington Commonwealth Federation, to which there is no province. To the AFL.

ON THE LEGISLATIVE FRONT

(Mr. Buckley, in the Chair)

Mr. Mohoney: This is in regard to the recent beef with the employers. As the President said, the cost of living has gone up and the unions and the employers, in an effort to reach a satisfactory proposal and a meeting was called for January 4th. There were three sets of terms that were rejected by the Waterfront Employers Association: (1) that they would take the job of a lifetime and not be paid for it; (2) that they would accept the job of a lifetime and not be paid for it; and (3) that they would accept the job of a lifetime and not be paid for it.

WELCOME TOM MOONEY!!
“Thomas J. Mooney, You Are A Free Man”... Olson

'I Dedicate My Life,'
Tom Mooney

With these words Tom Mooney electrified progressive people the world over. The statement made as he received his pardon from the first Democratic California governor in 44 years, showed to the people of the world that this man bore no malice and that his entire life had been devoted to an ideal which no amount of injustice could kill.

Workers of the world can now look forward with greater optimism to the fight for freedom and Democracy because of Mooney's absolute devotion to the cause of the people.

To those of us looking on in the California assembly chambers there came the feeling that we were serving as eyes for the entire world and that this scene was imprinting itself in the hearts of men everywhere.

There are no words to describe the greatness of the moment except the words of Mooney.

Were it possible for any man to reach greater heights surely Tom Mooney would have been that man on the day of his pardon.

We maritime workers can do no more than to pledge ourselves to the cause of which Mooney has said, "I dedicate my life."

Mooney receiving his pardon from California's New Deal Governor, Culbert L. Olson. George Davis, Attorney, and Lt.-Gov Ellis Patterson look on.

SAN FRANCISCO.—Here are excerpts from the speeches of those who officially welcomed Tom Mooney home to his people after more than a quarter of a century.

BOB MINOR (the first fighter for Mooney's freedom):
"I am proud to be here to welcome Tom after 22 years. Mooney has come home to his people."

ELLIS PATTERSON (Lieutenant Governor of the State of California, appearing for Governor Olson):
"The state can never repay Tom Mooney. Mooney is asking labor to unite for the common cause of Democracy. Labor must unite until it is on an equal footing with the employers in their rights of collective bargaining."

HARRY BRIDGES (West Coast Director of the Congress of Industrial Organizations, speaking as John L. Lewis' representative):
"No one present today can look at this crowd and not believe that for 22 years Tom Mooney was imprisoned against the will of the majority of the people.

There are 11 more in San Quentin and in Folsom. We must fall in behind Mooney and fight for the freedom of these other class war prisoners.

We must move ahead with Mooney to a better day and a better nation."
