FLASH—Hocker, Alaska Fishermen's Union Agent, Threatened by gun squad.

**Seattle—A picket line by the SIU of NA thrown around the P. E. Harris Company brought operations to a standstill Tuesday afternoon.

Robert Ragland, Eng. Dele. for the SIU, who cited the company a refusal of jurisdictional picket line, intimated that the company would have to take the law into its own hands if the union persisted.

**SAFETY APPEAL**

Three P. E. Harris Company tenders were stopped Monday at 9:00 a.m. on the Wabash Canal and ordered offshore by order of the Waterfront Employers Association. The tenders were despatched by the.XtraPrinting printed by the Portland Press-Herald at 8:60 a.m. on Monday morning.

Mazatlan, Mexico. "She's An Easy Going Town That You Might Have Sung About," according to SS. Concord Crew.

The “Yoke of the Federation: any high pressure editors or staff are still Mexicans and while they have no docks whatsoever.” Talking ish ram-shackle group with the cans. Some darker than others, A we are only human and therefore THERE’S THE LIFE. The buildings are the usual Spanish-Catholic standing imposingly in the climate is scrumptious. MEXICO STILL MEXICO.

Federation, such as Jimmy Man, meet the close scrutiny of the tenders’ & Wipers’ Assn. Local 1-22, ILWU. Many of our comrades are so sensitive to criticism, they act as a very fine govt. in our own area.

Of course, one could say the same thing in other countries. If you’re trying to get into a concentration camp, you’d better be very careful.

So life goes on quietly one day and you wonder what’s been going on. It is true, we have learned many things. A little frustration and running them out of the country.

Dirty Dozen, we have gotten rid of a pair of shoes and they are very well he judged by their actions. It is true, we have learned many things. A little frustration and running them out of the country.

The reactionaries at the present time, we and about 18 of them. Some of the fine leaders have refused entry of supplies sent by sand storms every second and rounded by a double row of barbed wire. The plight and expedite our repartition has been caused in the past to the men in France, and the 80 American boys since the Invasion of Spain.

We are not writing a propaganda piece, but it is our duty that the workers of the world have the necessary conditions to support their comrades. As regards to food and rent are cheap, making it possible for the men to start selling it to the public. But what’s what don’t do.

The policy was adopted by the ILWU at the 1939 Atlantic and Annual Convention meeting at February 21, 1939.

Funds needed for Union men wounded in Spain

The Crew of the S.S. Condor, Voice of the Federation, extended its support to the American Consuls.

Our policy of support is that all American boys shall be reinstated as full members of the Maritime Workers of the International Brotherhood of Seamen and Canadian section of the Lincoln Brigade.

FEDERATION BACKS TEAMSTERS LOCAL AS EMPLOYEES ATTEMPT TO BREAK CONTRACT IN WAGE CUT

SEATTLE - Employers and employees were at loggerheads in the Seattle maritime area last week as the strike continued to affect the wages of thousands of workers. The Seattle Maritime Federation was claiming that the operators were cutting wages in violation of the collective bargaining agreement.

The Seattle Labor Council was calling on the operators to meet the demands of the Federation and to reach a settlement.

The Federation was also appealing to the workers to maintain the strike and to continue the struggle for fair wages.

VICTORY

"Alaska For Alaskans" Bill Meets Defeat

A petition has been filed in the Superior Court to have the "Alaska For Alaskans" bill declared unconstitutional. The bill was sponsored by the Alaska State Federation of Labor, which is supporting the strike in Seattle.

The bill, which was introduced by Sen. J. W. Harris, D-Anchorage, would have amended the state constitution to provide for the election of the governor and lieutenant governor by the popular vote. The measure was opposed by the state's largest labor organization, the International Brotherhood of Teamsters, which is supporting the strike in Seattle.

The Federation was also appealing to the workers to maintain the strike and to continue the struggle for fair wages.

SEATTLE UNION COMMITTEE HAS TOWN HALL MEET

SEATTLE - The Seattle Union Committee held its town hall meeting last night to discuss the current situation in the Seattle maritime area.

The meeting was attended by a large number of workers, who expressed their support for the Federation and its strike.
EDITALORIAL

There is something bewildering about the present position of the waterfront International Union of North America, that newly-emancipated branch of the AFL. It is still in a state of transition, and the members are finding that the conditions they were promised are not always being fulfilled.

A little over a year ago, the members of the Union voted to leave the Trade Union activity association, and to become members of the AFL. Since that time, the Union has been working hard to establish itself as an independent organization, and to prove that it can stand on its own feet.

The members of the Union are now demanding that the AFL give them the same consideration as it gives to other unions. They are also demanding that the AFL give them the same recognition as it gives to other unions.

In addition, the members of the Union are demanding that the AFL give them the same rights as it gives to other unions.

The Union is now working hard to establish itself as an independent organization, and to prove that it can stand on its own feet.

Cement Agreement

The basis of Portland Cement Agreement is the same as a Portland cement company's agreement with the cement company's stockholders. The agreement is a written instrument for the regulation of the production and sale of Portland cement, and some other cement products.

The agreement is not only a legal document, but it is also a practical guide for the cement company's management in determining the production, sale, and distribution of cement products. The agreement is a valuable tool for cement companies to ensure the quality and consistency of their products, and to comply with industry standards and regulations.

The agreement is also a valuable tool for cement companies to ensure the safety and health of their employees. The agreement outlines the safety and health policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the environmental sustainability of their operations. The agreement outlines the environmental policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the economic viability of their operations. The agreement outlines the financial policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the social responsibility of their operations. The agreement outlines the social policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the legal compliance of their operations. The agreement outlines the legal policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the compliance with the regulations of various government agencies. The agreement outlines the regulatory policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the compliance with the regulations of various international organizations. The agreement outlines the international policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the compliance with the regulations of various industry associations. The agreement outlines the industry policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the compliance with the regulations of various labor unions. The agreement outlines the labor policies and procedures that are to be followed by the cement company's management and employees.

The agreement is a valuable tool for cement companies to ensure the compliance with the regulations of various community groups. The agreement outlines the community policies and procedures that are to be followed by the cement company's management and employees.

ILA Given Straight Dope
On ILWU Agreement
In Joint Meeting By Bridges

By BURT NELSON
ILWU District Organizer

The ILWU District Organizer
activity in Tacoma reached the
hightlight of its season last
night, when the Tacoma longshore
men held a joint meeting with the
Packer's local to announce the
agreement reached between the
employers and the ILWU in
Seattle.

One of the high lights of the
meeting was the appearance of
Paddy Morris or some of his
men to explain to the packers the
position of the ILWU on the
question of the longshoremen's
rights to picketing.

The press release following the
meeting explained that the
agreement was an historic one for
the ILWU. The ILWU does not
waver in its stand that the
employers' attempts to prevent
the longshoremen from
picketing in Seattle are a
violation of their rights to picket
whether or not they have been
unfairly treated on the job.

One of the aims of the Labor
Relations Board is to prevent the
employers from contravening
this historic decision by the
Longshoremen's Union.

The next meeting of the
metropolitan labor relations
board will be held in Seattle, and
the ILWU is confident that the
employers will not be allowed
to break this agreement.

The ILWU has always
insisted on the right of the
workers to picket, and this
agreement is a step forward in
achieving this right.

The ILWU is confident that the
employers will not be allowed
to break this agreement.

The meeting was well
attended, and the speakers were
welcomed with applause.

ILA Cannery Workers News

More Employers Exposed

(Continued from Page 1)

...An Economic Monitor

In all, there were 10
employers who were
exposed, and 5 of them
were working on the
whole waterfront.

One of the employers
who was exposed was
the Pacific Coast Tuna
Commission, which
employs over 1,000
workers in the area.

The ILWU has
been working hard to
expose these employers
and bring them to
justice.

More ILWU members
are coming forward to
report violations of
the agreement and
help the ILWU in its
fight for justice.

The ILWU is
resolute in its
fight for justice
and will continue to
expose these
employers until
they agree to
adhere to the
agreement.

The ILWU is
confident that the
employers will not
be allowed to
break this agreement.

The meeting was
well attended, and
the speakers were
welcomed with
applause.

Letters of Rank and File Opinion Continued

Are We Heading Towards Nazism and Fascism?

The syndicalists, who have followed the advice of a number of representatives, have been making a number of speeches in various parts of the country. They have been referring not only to the economic problems of the working class, but also to the political situation of the day. They have been pointing out the danger of a new form of dictatorship, which they believe is being prepared by the capitalist class. They have been urging the working class to be prepared to resist any attempts to impose a new form of government.

Fascists and the New Zealand Ministry

The fascists have been making a number of speeches in New Zealand, where they have been attacking the government and the trade unions. They have been accusing the government of being too soft on the employers and of not doing enough to protect the interests of the workers. They have been calling for the formation of a new government, which they believe would be more responsive to the needs of the workers.

Do We Need Another War?

The war in Europe has caused a great deal of concern among the working class. There are those who believe that another war is inevitable, and that the working class must be prepared to resist it. Others believe that another war is not likely, and that the working class should be working toward a peaceful solution of the economic problems that are facing them.

San Pedro, Calif., May 3, 1939

J. W. Lynch, 2663

Shippers, Carters, Wharfmen, Stevedores, Watermen and longshoremen have gathered in San Pedro, Calif., for the longshore convention of the International Longshoremen’s and Warehousemen’s Union.

The convention is being held in the union hall at 203 South Palos Verdes St., San Pedro. It is expected to last for five to seven days.

The convention is expected to be attended by representatives from all over the country, and is expected to be a very important event for the union.

The purpose of the convention is to discuss the issues facing the union and to make decisions about the future of the union.

The convention is expected to be a very important event for the union, and is expected to be attended by representatives from all over the country.
