Policy "No Giving In" On Union Hiring Hall Issue

SAN FRANCISCO—Following out the policy of the Maritime Federation of the Pacific, the Voice of the Federation is publishing this correspondence and the action taken by the emergency sections of the Executive Board of the Maritime Federation of the Pacific on the fight against the Fink Halls.

These are printed in order that the rank and file of all labor unions can see how well the Federation is moving to fight the U. S. Maritime Commission proposed Fink Halls on the West Coast.

The letters follow:

"Walter Fisher Reports On Executives of the Maritime Federation on this issue."

"We urge other ships to do likewise."

Telegram To Commission
March 31, 1939

Just received word that Maritime Commission intends establishing Fink Halls in Seattle as the purpose of the Fink Hall movement. This will create a very serious situation. Please advise. Adm. Land, Secretary-Federation."

Commission Anti-Union Stand
Bruce Hannon, Secretary of the Pacific.

In your telegram:

"Our convention, as reported to our Shipping Board in Seattle, holds that the Commission has no right to have a convention on Seattle. Convention adjourned on March 31, 1939, as indicated in your letter.

"Crews shall be supplied through the office of the U. S. Shipping Commissioner and without final acceptance by the masters.

"No charterization shall be made because of membership or non-

"Membership in any organization."

"Commissioner Standing Committee on Convention and Anti-Union to recommend to the Executive Committee that we adjourn immediately.

"Walter Fisher Reports On Commission Stand
Dear Brother Dixon:

"I have just had a talk with Mr. Ring, Director of the Division of Maritime Personnel of the Maritime Commission and his assistant, Mr. Ring, is in charge of the pending contest of the Maritime Commission to the Board of Grievances to see that their ships are sick out by the master.

"This would bring many problems before us. As it now stands the Maritime Commission will set out their line hiring hall or our strongholds. By writing to the Shipping Commissioner's Office for no charters, they are trying to stop us.

"It is the same as if the Commission were trying to set up their own organization. The purpose of the Fink Hall movement is to bring the men together and act as a part of the Maritime Federation and the Voice."

"Mr. Ring was talked to in San Francisco within last week. We have been fighting through the Shipping Commission's office in accordance with the resolution in support of the Maritime Federation Convention.

HITS TAKING OF MFOWJ JOBS

Dear Sir:

HITs do not happen in the MFOWJ on the East Coast! I was in the MFOWJ for 12 years and not once did any man receive a hit in any region. I am not trying to start a strike or any other action, but I am trying to get the truth out to all men. What we have in the MFOWJ is a lot of bad men, and they are trying to take over the Local, and they are doing it in the name of the MFOWJ. But they are not representing the men, they are only representing themselves.

Roll call completed and the following members present: W. D. Fisher, President; W. P. McGhee, Vice-President; William P. Whitaker, Secretary; and J. J. Quinn, Business Manager.

The President reported that the Maritime Commission is now making preparations to close the hiring huts for the Pacific Coast. The ILWU will not tolerate either the closing of these hiring huts or the interference with the hiring of seamen by the Maritime Commission.

Pursuant to the recommendation of the Executive Board, all labor boards and councils for immediate action on this program and have all its members mobilize for the continuance of this fight to bring before the Executive Board.

The unresolved issue is that of the Maritime Commission's exclusive right to hire seamen on the Pacific Coast.

The President called upon President Fisher to make the recommendation that the ILWU will not tolerate this interference and that all labor boards and councils be notified to mobilize for the continuance of this fight to bring before the Executive Board.

The recommendation was unanimously adopted.
