ILWU Meeting Employers; MFP To Give Congress Bill For War Risk Insurance

War vs. U.S. Seamen

American seamen were definitely and seriously affected by World War II. The most effective and widespread union activity for seamen was the defense campaign that contributed to the victory in the war. The CIO seamen's union was one of the most effective in the nation, and it played a major role in the war effort. The union's leaders were active in the war effort, and they worked closely with the government and the military to ensure that seamen were treated fairly and that their rights were protected.

MC Yields Because of Labor Union

We will not be surprised if the CIO and AFL seamen's unions continue to gain strength in the coming months. The unions have been able to pressure the government and the military to recognize their rights and to provide them with fair treatment. The unions have also been able to negotiate better working conditions and to win improvements in pay and benefits. We believe that these gains will attract more seamen to the unions, and we expect that the unions will continue to grow in the coming months.

Shipping Blowout, Rates, Profits Soar

Ships, retail prices and shipping were soaring this week—additional reasons why the MFP and the NMM were fighting for war bonuses and increased profits. The MFP is fighting for war bonuses because it needs the money to pay for its fleet and to keep its operations running smoothly. The NMM is fighting for increased profits because it needs the money to pay its workers and to keep its operations running smoothly.

Fifty Marks Stakes

Reno, with freight rates still high, made a record profit on its first trip. The company's profits were up 25 per cent over last year, and the company expects to make even more money this year. The company's success is due to the high demand for shipping services and the high freight rates.

A proud day for seamen

The CIO seamen's union is stepping up its fight for war bonuses and increased profits. The union is demanding that the government and the military provide seamen with fair treatment and that they be paid for their work. The union is also demanding that the government and the military provide seamen with the equipment and supplies they need to do their jobs safely.

Dealers Force Loss of Salmon Catch

By JOHN SMIRCHIC

A report recently issued to dealers that the fisheries of Pittsburg, Colemanville and Mattawa have lost the entire harvest of salmon for 1939 was supplied by August 1 and closes September 15 on account of price difficulties. The fishermen who have been employed to work on the fish plants have not received any compensation for their work, but have only been given receipts for the fish caught. The fishermen have been protesting the method of handling their business and have threatened to strike if their demands are not met.

Labor Vs. Profiteers

A FOREST THROUGH this war has been two weeks old. Profiteers have begun to grab the public. Food staples—soup, eggs, etc.—have been raised to levels where the poor man can no longer afford them. The fisherman has been given an incentive to go out and catch more fish. The good housewife has been induced to work on the farms if she finds her crop insufficient. The housewife who has a cottage industry has been given a stimulus to increase her output. The laborer has been induced to work harder. But no curb will have any effect unless labor lifts its voice in weekly salary buying only.

PLANNED the Maritime Federation means an adequate weekly salary buying only. The man who lifts his voice to himself and his family is the one who will be able to turn the tide. The laborer who is content to accept a wage that is supposed to support him and his family is buried in glory that will fall most heavily.

In Hawaii

Growth of Hawaiian Labor Is An Inspiring Record

From SIS to 1939 has been a period of progress for the Hawaiian labor movement. The movement has grown from a small group of 1000 to a union with thousands of members. The movement has been led by the Hawaiian Workers Union, which has gained the confidence of the workers. The movement has been further strengthened by the establishment of local unions, which have been formed in various parts of the island.

The President Says

By R. H. McGarthy
President of the Maritime Federation of the Pacific

Laborers in the United States have a long and proud history of struggle for fair treatment. The Maritime Federation of the Pacific, founded in 1936, is one of the many international labor unions that has played a key role in the labor movement. The Federation has a strong presence in Hawaii, where it has been instrumental in organizing the workers and promoting fair treatment for all workers.

World Events

In Mexico on the Verge of a Fascist Uprising Similar To Spain

By WILLIAM BAILEY

Our next door neighbor is on the verge of a Fascist uprising similar to Spain. The workers of Mexico have been on strike for several weeks, and the government has been using violence to suppress the strike. The workers are determined to continue their struggle, and the situation is likely to become more severe in the coming weeks.

This is a situation that cannot be ignored. The workers of Mexico are fighting for their rights, and they deserve our support. We must stand with the workers of Mexico and help them in their struggle.

The Stalinization of the Communist Party

In the 1930s, the Communist Party of the United States was headed by a hard-line faction led by Joseph Stalin. This faction, known as the Stalinists, sought to impose strict discipline and conformity on the party. The Stalinists were responsible for the purge of hundreds of thousands of people, including many genuine Marxists.

The New Deal and Its Impact

The New Deal, which was implemented by President Franklin D. Roosevelt, was a series of programs designed to address the Great Depression. The New Deal included measures such as the creation of public works projects, the establishment of the Social Security Administration, and the expansion of the federal government's role in regulating the economy.

The role of the government in regulating the economy was greatly expanded under the New Deal. This expansion was seen as a way to prevent another Great Depression.

In Hawaii

The growth of the labor movement in Hawaii has been slow, but steady. The workers of Hawaii have been organizing for fair treatment for many years, and they have made significant progress.

The Maritime Federation of the Pacific

The Maritime Federation of the Pacific is one of the largest and most influential unions in the United States. The Federation has a strong presence in Hawaii, where it has been instrumental in organizing the workers and promoting fair treatment for all workers.

I'LL STARVE THEM OUT

"Words of the Federation"
"I'LL STARVE THEM OUT," ROBES CRANDALL, PRESIDENT OF THE PACIFIC COAST TRADERS ASSOCIATION AND HEAD OF PALOALTO, CALIF., ASKED THE COURT ON THURSDAY TO WIND ON TO STRIKES AGAINST THE WRIGHT FLEET iss CRAN.

CRANDALL, a member of the Pacific Coast Traders Association, is seeking a court order to prevent his competitors from continuing the strike of the maritime workers. He said that the strike has caused him to lose a large amount of business and that he is now forced to go to court to obtain relief.

The strike has caused a great deal of disruption in the industry, and many workers have been out of work for a long time. CRANDALL said that he is now forced to take legal action to protect his business interests.

The strike is currently in its second week, and there is no indication that it will be resolved anytime soon. Many workers are protesting the low wages and poor working conditions, and they are demanding better pay and benefits.

Headquarter's Notes

Meeting convened at usual time with President R. J. O'Keefe presiding.

Four important items on the agenda were discussed: the financial situation of the Federation, the presentation of bills for the Travel Reimbursement Fund, the Maritime Federation assessment, and the presentation of bills for the curtailment of travel funds.

This fund is based on an annual assessment, and, when the Federation’s financial situation improves, it will be reassessed. The fund will expire, but we remain committed to its use for some time, possibly up to 1944.

Labor Bureau Bill

The secretary further reported that the presentations of bills for the Travel Reimbursement Fund, and so it was left in this fund at the end of the year, new

Secretary's Report

The secretary reported that the Maritime Federation, according to an annual assessment, is due for $3,000. This amount is due to be paid in full.

Debt Reduction Fund

The debt reduction fund has been initiated with the goal of reducing debt and improving the Federation’s financial situation.

Hospita, Burial Fund

For the week, the Federation received several contributions, and the total amount received is $3,000. This amount will be used to support the medical and burial needs of members.

PORTLAND CIO to Meet in Pedro on Sunday, Sept. 17

San Pedro

ILWU Backs Negotiation Stand

San Pedro—The number of ILWU locals in the Pedro area that are backing the San Pedro District Teamsters’ Union’s lead in the waterfront strike negotiations is growing.

S. A. Prince, local president, said that more locals are expected to come to the meeting on Tuesday night at the Pedro Labor Exchange to discuss the present stand of the local in the negotiations.

ILWU leaders in the area are also reported to be making plans to meet the local representatives of the Maritime Union, who have been picketing the waterfront in Pedro.

ILWU Backs Negotiation Stand

San Pedro—The number of ILWU locals in the Pedro area that are backing the San Pedro District Teamsters’ Union’s lead in the waterfront strike negotiations is growing.

S. A. Prince, local president, said that more locals are expected to come to the meeting on Tuesday night at the Pedro Labor Exchange to discuss the present stand of the local in the negotiations.

ILWU leaders in the area are also reported to be making plans to meet the local representatives of the Maritime Union, who have been picketing the waterfront in Pedro.

**NEW YORK**—If Harry Bridges is to win his bid to be re-elected head of the ILWU, the union must show today that it has the backing and support of all the American Seamen. The United Brotherhood of Carpenters and Joiners, Brotherhood of Teamsters, and Brotherhood of Railroad Trainmen have already endorsed Bridges and his slate of candidates for the ILWU offices.

The American Federation of Labor also backed the ILWU candidates and its executives have been in the campaign areas helping to build the votes for the ILWU slate.

**NEW YORK**—Secretary of the United States Maritime Labor Board, Dr. C. Canfield, has notified the ILWU that the Maritime Labor Board will not hear any protest against the proposed closed shop in the Maritime Industry in the United States.

The protest, if not answered by the ILWU, will result in the Maritime Labor Board approving the closed shop in the Maritime Industry.

**NEW YORK**—Mr. Harry Bridges, the head of the ILWU, has asked the Maritime Labor Board to consider the voting of the United Brotherhood of Carpenters and Joiners, Brotherhood of Railroad Trainmen, and the United Brotherhood of Seamen on whether Bridges and his slate of candidates should be endorsed by the ILWU.
