One of the greatest victories in the annals of a labor citizen this week was when Warren K. Billings was released from prison by Governor Culver. A committee of the State Senate has been working for the release of Billings, both with money, time and effort, for many years. That they made Billings happy by helping elect Governor Olsen anybody can see by this picture.

CIO Battles For Trade To South America

(Continued from Page 1)

The reason for that is very simple. It is because the workers are going to make this country what they want it to be. They have the right to make it what they want it to be.

CIO Puts Stress On Organizing

There is another danger at this point. There is a danger that the workers will not get organized. They will not get organized if they do not understand the reasons for it. They will not get organized if they do not see the necessity for it.

LNP Complained

There is no other way to get the workers organized. They must be organized. They must be organized if they are to have a voice in the management of their own affairs. They must be organized if they are to have a say in the way their lives are run.

CIO and AFL United in Camp Town

The AFL and the CIO have been united in this campaign. They have been united in the struggle for worker's rights.

Two big CIO's are in charge of this campaign. They are the British Labor Conclave and the AFL. They are working together to bring about the organization of the workers and to bring about the implementation of their demands.

The Columbia River District of the ILWU held a meeting Sunday, Oct. 3, where members of the District's Local 17, 18 and 33 rejected the proposal of the Local 17 Negotiating Committee to return to work. On Saturday, Oct. 2, the negotiating committee held meetings with the waterfront employers but made no progress in the discussions. Local 17 President John G. Jordan stated that the negotiations have been going on for several weeks and no agreement has been reached yet.

Jordan emphasized the importance of maintaining the workers' rights and ensuring fair treatment. He expressed his commitment to continue fighting for a fair and just agreement that upholds the workers' rights and benefits. He encouraged all workers to stay strong and united in their pursuit of a fair agreement.

O'Connor (Marvin Cook & Stewart) - Give us a short story on Marvin.

San Pedro: Marvin Cook & Stewart.

 Từ: San Pedro

November 10, 1943

Dear Marvin,

I hope this letter finds you well. I am writing to you from San Pedro, where I am currently stationed. I have been here for almost a month now, and I am adjusting well to the new environment.

I have been working as a deck hand on a cargo ship, and I am finding the work to be both challenging and rewarding. The hours are long, but the pay is fair, and I am grateful for the opportunity to work on such an exciting ship.

My roommates are a group of sailors from various parts of the country, and we have been getting along well. We have been organizing a number of activities and social events to pass the time, including movies, music, and sports.

I have been able to explore the city of San Pedro and have found it to be quite a vibrant place. There is a lot to see and do, and I am looking forward to spending more time here when my contract is up.

I miss you and everyone at home. Please pass along my regards to the family and friends. I hope to see you soon. Until then, take care.

Yours truly,

Plant Workers Wins Agreement With 'Floaters'

SAN FRANCISCO—An agreement was signed here last week between the 25,000 members of the United Fisherman's Fund and some of the processors in the West Coast. An agreement between the two sides was reached on a number of issues, including the price of $11.00 per ton for fish.

One of the main factors in the agreement was the issue of 'floaters.' These are temporary workers who are hired to work on the boats when the regular crew is unavailable. The agreement calls for the processors to guarantee a minimum of 16 hours a week for these workers.

In addition, the agreement includes provisions for an automatic adjustment to the price of fish based on changes in the cost of living. It also includes a clause that allows for renegotiation of the agreement in three years.

The agreement was reached after several weeks of negotiations between the two sides. The United Fisherman's Fund has been fighting for better working conditions and higher wages for years, and this agreement is seen as a significant victory.

Japanese Boats Seized

SAN FRANCISCO—The Japanese fleet, which has been expanding in recent years, is now finding itself in trouble. A Japanese fleet was seized by the United States government off the coast of Japan.

The Japanese government has been trying to expand its fishing fleet to meet the increasing demand for fish. However, the United States government has been limiting the amount of fish that can be caught by Japanese boats in the Pacific Ocean.

The seizure of the Japanese fleet is a sign of the increasing tension between the two countries. Japan and the United States have been at odds over a number of issues, including trade and military matters.

Game Body Hears UFW Complaint

MONTEREY—The Monterey Game Body held a hearing last week on a complaint filed by the United Farm Workers (UFW) in connection with a fishery dispute.

The UFW claimed that the fishery was being overfished, and that the fishermen were not being paid a fair price for their catch. The Monterey Game Body is expected to rule on the complaint soon.

ILWU Tells Of 'Hot' Pear Complaint

SAN FRANCISCO—Lowell the British Fruit Growers Union told its members last week that they should be careful about buying 'hot' pears.

The union警告ed its members that some pears are being shipped in from other countries and are not ripening properly. The union advises its members to check the pears carefully before buying them.

Show For CIO Men

CIO delegates from New York to Seattle are now in town to watch the activities of the CIO. Between them will make the CIO's exhibits at the CIO delegate meetings.

The exhibit will include information about the CIO's programs and activities, as well as materials about the CIO's history and philosophy.

Perko was a long-time leader in the UFW, and was known for his dedication to the union and its members. He was a former president of the UFW, and was involved in many of the union's key victories.

The UFW has expressed its condolences to the family of Captain Perko.

Everett Fishermen Join Federation

KEATON—Engineers—ILWU strikes for a third time last night in Everett. The strike was called by the Everett Fishermen's Union, and is expected to last for at least a week.

The strike was called over issues related to fishing conditions and working hours. The Everett Fishermen's Union has been trying to negotiate with the processors for several weeks, but has been unable to reach an agreement.

Mackeral Starts in Newport

By HOWARD MCNAIR

Mackerel fishing has finally started in Newport. The boats are expected to catch their first mackerel this week.

The mackerel season is expected to run for several weeks, and is a good opportunity for Newport's fishermen to make some money.
