| Wednesday, February 15, 1940 VOICE of the FEDEDATION Page Three

The members have been somewhat confused as to just who the Associated Farmers are. Some have had the opinion that they are dirt farmers. This is certainly not true. The word's facts that will be brought out at the La Piette hearings. Big business has contributed over 74% of the money to organize and maintain the Associated Farmers.

The discussion of these facts in the next few issues will show where the Associated Farmers are on the march in making efforts to organize and control working conditions.

We We Demand Jobless Pay For Seamen

The next question that comes into many minds is, why are the Associated Farmers organized in the first place? The idea for the organization was born in the 70's as an attempt at unionizing the cotton farmers of the southern states. In 1933, a bill was introduced in the 73rd Congress to make jobless pay for seamen. So far as the Associated Farmers are concerned, they demand the same thing.

San Franciso - The number of votes for jobless pay has been 60,000,000 in favor so far. Can you imagine a country like this where the people are jobless and have to work for less during the war? Yet the Associated Farmers are trying to keep the jobless pay out of the country. This is a country that has continuously in our cities and states, and the Associated Farmers want to keep the jobless pay out of the country.

The Associated Farmers are a organization that has the backing of big business and the local farmers. They are working to drive a wedge between organized labor, especially CIO unions, and the Associated Farmers. The Associated Farmers' slogan is "The future will be made by the Associated Farmers, and not by the workers!"

The Associated Farmers have been working on the jobless pay issue for the past 20 years. They have been able to keep the jobless pay out of the country, but they are now trying to organize the Associated Farmers in the United States.

The Associated Farmers have been working on the jobless pay issue for the past 20 years. They have been able to keep the jobless pay out of the country, but they are now trying to organize the Associated Farmers in the United States.

The Associated Farmers have been working on the jobless pay issue for the past 20 years. They have been able to keep the jobless pay out of the country, but they are now trying to organize the Associated Farmers in the United States.

The Employer's Cou Changes Tune? Why?

THE San Francisco Employers Council is playing smart and putting on a new face for the public. The new face is called sweet reasonableness, or maybe just reasonable.

Almost Roth goes around the countryside telling the public that unionism is no good thing. But last week the Employers Council officially disclosed the "ghost of Mr. Roth." For several years, he has been saying that there is a substantial recession in business in which the employers are doing all right as compared to the labor side. Last week, Mr. Roth came out and said that he was aware of the labor troubles and that he was trying to work with them to get the job done. That means letters, telegrams, and letters to the mainland and back. He also dropped a hint that he might consider the idea of a national strike.

The big play the newspapers give the "new attitude" shows it to be part of Mr. Roth's campaign to get the waterfront unions under control. The letter of course is a direct appeal to the waterfront unions. If it works, Mr. Roth would have a stronger force in the fight for labor peace, and the Employers Council might be in a better position to get the country moving forward.

The President Says

President Roosevelt favors it; McNutt favors it. But nothing is being done to improve the lot of the seamen themselves, now, to get the job done. That means letters, telegrams, and letters to the mainland and back. He also dropped a hint that he might consider the idea of a national strike.

The President favors the Neutrality Act, is urgent. It may be more urgent in the future. It's up to the people public employment; increase in old age pensions to $60 a month and more, and the war will mean the destruction of the Am-

**Editor, Voice of the Federation: 1275 Mission Street, San Francisco.**

**Black Gang Hits SJU’s Disruptive Tactics**

**SS Absoroka**

**She Blasts Tribune**

**Editor, 'Redwood City Tribune':** I am writing this letter because the editorial in the Tribune last week created a stir here.

My husband has been a longshoreman on the waterfront for 12 years and he has never received such a fair deal as they have not more men like Mr. Bridges have received since Harry Bridges in the labor movement was put in as head of his union.

I wish to take this opportunity to say that in my husband’s work, he has never been any different than the rest of the longshoremen and that he has never been a troublemaker.

**Black Gang**

**Co-ordinate Auxiliaries, Says Price**

**Governor Bulflimg, Portland, Oregon:**

 &#34;Editor, Voice of the Federation:&#34; I am writing to express my appreciation for the encouragement that you have given to the Co-ordinate Auxiliaries of the International Longshore and Warehouse Union.

I am well aware that this encouragement is not given to the Co-ordinate Auxiliaries without some sacrifice on our part. But we believe that it is a sacrifice worth making, for we are convinced that the Co-ordinate Auxiliaries will be of great benefit to the Union as a whole.

I am proud to say that I have always been a Union man, and that I have always believed in the importance of the Co-ordinate Auxiliaries. I hope that you will continue to support us in our work.

**Don’t Forget Your ‘Voice’ Contributions**

**Editor, Voice of the Federation:**

Don’t forget your ‘Voice’ Contributions. The ‘Voice’ is the official organ of the International Longshore and Warehouse Union, and it is supported entirely by the contributions of its members.

We urge all members to support the ‘Voice’ by subscribing to it or by making a donation to the Union. Your contributions will help to keep the Union strong and to keep the Union members informed of the latest news and developments.

Headquarter's Notes

Howz Shippin?

Monday, the fifth, commenced the week off with a brisk flurry of 20 jobs on the board, plus an NNW man being given a week off. The President of the Marine Firemen's Union, in a spirit of giving a break to the overworked seamen, has recommended a week off for all members. After about a bit of fisticuffs among the members of the Union, it was decided to call for a meeting of all members. The Union will hold a meeting next Friday, at which time the members will discuss the week off and other matters.

Boyles' Letter on Finns

(Continued from page 3) From John "Rooing" Dorsett, Dec. 13, 1939. "The British Government is trying to kill our big business men. The big business man is trying to sell us a bill of goods. The big business man is selling a bill of goods to the Finns. The Finns are going to sell us a bill of goods. But we're not going to buy any more of it."

Fremen's Agreement Clarification No. 2

Section 6, Rule A (4) and (b)

When a ship is assigned to the work of loading or unloading, the time of working shall be from 8 a.m. to 5 p.m., with a lunch period of 1 hour in the day. No night work shall be assigned.

Shippers' Proposal

The shipper is requested to submit proposals to the union in writing, stating the terms and conditions of employment, and the time and place of the meeting.

Longshore Work

The 24 hour period 'commencing each day shall be divided equally one third of the total amount of work, time per vessel divided equally.

All ACA Locals Okke Pack With Coastwise Lines

The chairman of the A.C.A. marine is expected to meet with the members of the Coastwise Lines on the new terms and conditions of employment. The meeting is expected to be held on the 10th of this month.

Stewards Answer Boyles Letter

(Continued from page 3) The steward of the A.C.A. marine is expected to meet with the members of the Coastwise Lines on the new terms and conditions of employment. The meeting is expected to be held on the 10th of this month.

AACA's Overtime Proposal

February 1st, the proposal of the Pacific Association of American Cabotage (P.A.A.C.) for the improvement of the work of the American waterfront, was submitted to the members of the marine. It is expected that the members will be able to meet the next week to discuss the proposal.

Soshul Kolum

The President of the marine, John G. Smith, has sent a letter to the members of the marine, stating that the proposal is acceptable and will be put into effect on the 10th of this month.

San Pedro Section

ILWU To Overhaul Hiring Hall Procedure

PORT GAMBLE—Attempts of extra men to force ILWU Local 1-51 to fill every position on a steamer have been met with complete success by the new hiring hall procedure established by the Superior Court for the port of Port Gamble.

On one occasion, when 7 or 8 men tried to get on board of a vessel in 15 or 20 minutes, the employers said the hiring hall would not pay out for any man that the employers didn’t want. The men were free to get into the hiring hall and stay as long as they wanted to. If no job was offered to them, they had to leave.

San Pedro—Jacking up men to fill the needs of two men from the dock is a practice that is going to be frowned upon in the near future elsewhere. The ILWU has established such a practice at the Long-Bell shipyard where the longshoremen’s demand for time out for illness or vacation is being met by the establishment of a hiring hall system.

While hiring has been a problem at the Long-Bell shipyard for the past year, the situation is expected to be resolved by the new hiring hall procedure. The hiring hall, which is controlled by the union, will ensure that only qualified men are hired and that there is a fair and orderly procedure for resolving disputes.

San Pedro—Finns in Pedro Oppose Loan To Finn Gov’t

SAN PEDRO—Finns in the San Pedro area have rejected a loan of $10,000,000 by the Finnish government to the Finnish government.

Thirteen Finns in San Pedro signed a petition this week opposing the loan. They feared that the loan would be used to finance the Finnish government’s internal affairs and that it would not be used to benefit the Finnish people.

San Pedro—Atty. Byrne is accepted by Wallace Union

SAN PEDRO—Attorney Byrne, president of the San Pedro branch of the ILWU, has been accepted by the Wallace Union.

Attorney Byrne has been a member of the union for many years and has been actively involved in the organization. His acceptance by the Wallace Union is a significant step in the organization’s efforts to attract new members and expand its influence.

San Pedro—MPP Backs Fisherermen

Fishing problem is being studied by Washington State Federation of Labor. The report was presented by Harry Johnson, one of the delegates from the labor organization.

Johnson said that the fishing industry is in dire need of attention. He called for a comprehensive plan to improve working conditions and working hours. He also urged the state government to step in and help the fishermen.

San Pedro—Jackals Yip After Propaganda Exposed

SEATTLE—The Jackal followed the lion—always at a distance. But after jumping up the wrong tree, the Jackal turned into a whining inhabitant of a nearby swamp.

The Jackal, under the guise of a "liberal" group, was trying to act like a lion—after the FIS's (FIRE International Socialist) "Security, Liberty and Peace". The Jackal has loudly proclaimed its "liberal" stance but, in the final analysis, it is an imperialist—"outsiders" to the American working class and unions.

San Pedro—Real Americans are Exposed

SEATTLE—A new "false friend" of American labor has been introduced to Seattle. The Anti-Maritime Federation (AMF) is a group that seeks to undermine the efforts of American labor to achieve better working conditions and higher wages.

The AMF, under the leadership of "Dr. Jackal," has been spreading its message of propaganda in an attempt to discredit American labor. However, the American labor movement is well-prepared to counter this new threat.

San Pedro—MPP Backs Fisherermen

Fishing problem is being studied by Washington State Federation of Labor. The report was presented by Harry Johnson, one of the delegates from the labor organization.

Johnson said that the fishing industry is in dire need of attention. He called for a comprehensive plan to improve working conditions and working hours. He also urged the state government to step in and help the fishermen.
Four UHF Men Die When Boat Crashes On Rocky Shore

SAN FRANCISCO — On February 16th, Friday night, a small boat carrying four United Fishermen's Union members sank and the four men died. The boat was on its way back to the United Fishermen's Union's home port of Alameda when it sank.

The United Fishermen's Union members who perished were Vincent Karmelich, Pete Pulyan, Hubert Ursich, and Anton Mavar. They were all from Alameda and had been fishing off the coast of San Francisco.

The boat, a small fishing vessel, was carrying the four men and their families. They had set out to sea to fish, but the weather turned stormy, and the boat began to take on water. Despite their efforts to pump it out, the boat eventually sank.

The bodies of the four men were recovered on the following day, February 17th. The cause of death was attributed to drowning.

The United Fishermen's Union is providing assistance to the families of the deceased. The union is also conducting an investigation into the circumstances of the tragedy to determine whether any safety measures could have been improved.
