The Maritime Committee, was appointed to introduce war risk insurance for sea-transportation. Senator Donovan presented the bill with the approval of organizations working for the prevention of war. The measure, after being sent to the Senate committee, is expected to receive wide support. The employers' attack which is sticking out is that the bill's effect on American democracy is not to strengthen it. The proponents of the bill, on the other hand, say that the bill is necessary for the Japanese Frankenstein. Mr. Plant has consistently threatened to break his agreement. The unions propose that the dispute be submitted to negotiations, or, if negotiating fails, to arbitration. The war risk insurance bill will be discussed in the Senate committee and then be referred to the committee on commerce. The unions will then be able to make their case for the bill. The war risk insurance bill is expected to receive wide support in the Senate. The employers' attack on war risk insurance is expected to be refuted by the proponents of the bill. The war risk insurance bill is expected to be passed by the Senate and then be referred to the House of Representatives. The war risk insurance bill is expected to be passed by the House of Representatives. The war risk insurance bill is expected to be passed by both houses of Congress. The war risk insurance bill is expected to be signed into law by the President. The war risk insurance bill is expected to be implemented shortly after being signed into law by the President.

**MAVERICK, CALIFORNIA, SATURDAY, JUNE 22, 1940**

**WHY!!! Stop the Fifth Column**

**A MERRICA is in danger. American democracy—American institutions—The American way of life is threatened, today more seriously than ever before.**

**History has already recorded the tragedy of Republican Spain and the betrayal of France by the nation's Fifth Column members. The worst is yet to come.**

**As in Spain, America is threatened today by treachery—Wall Street, the National Association of Manufacturers, the Waterfront Employers, and the Associated Farmers. Have they not formed themselves into an American Fifth Column which has for its goal a sell-out of the American democracy—war-makers?**

**The chief purpose of this Fifth Column is to spread confusion among the public, to divert their attention from the real issues of the day.**

**The Fifth Column is the American equivalent of the German SS. It is the organization of the American Nazi Party, now operating in every state.**

**The Fifth Column is not new. It has been active in America since the beginning of the twentieth century.**

**The Fifth Column is not a political party. It is a secret society. It is a cult, whose members believe in the worship of the ruler.**

**The Fifth Column is not a group of individuals. It is a network of organizations, united by their common purpose.**

**The Fifth Column is a threat to American democracy. It is a danger to American life.**

**We, the American people, must unite to defeat the Fifth Column. We must expose its activities, we must neutralize its influence.**

**Machinists Win Strike In Seattle**

**By R. A. SANDYVIEG Business Agent, Washington, 70**

**SEATTLE—On Thursday and Monday another 300 Machinists returned to work this week after defeating by strike and strike action the attempt to settle the open-shop dispute on the part of the Northwest employers. Two factories closed down Friday, and other factories are threatened.**

**The Machinists have settled their contract with the employers, and the dispute is finally ended.**

---

**War Risk Bill Slighting Seamen Is Blocked**

**NEW YORK—A war bill to aid seamen, the War Risk Insurance Bill, was blocked last week by Senators from both sides of the aisle. The bill, which would have given the American seamen protection against the loss of their lives, was defeated by a vote of 36 to 36.**

**The American seamen are not the only ones affected by this decision. The seamen of the world are also affected.**

---

**Employers Hand Impossible Proposals To ILWU**

**SAN FRANCISCO.**—The shipowners are apparently convinced that the time has arrived to eliminate all the conditions that the longshoremen fought for in 1934 and 1937, and to make the workers work again on the waterfront. The ILWU has refused to sign any contract that provides for the following terms and conditions that the workers now enjoy. The ILWU has proposed long-term contract with the seven fundamental incorporated, and with other points in arbitration.

Packers Fight To Keep $375,000 From S. F. Men

SAN FRANCISCO—Alaska Packers this week fought for the return of $375,000 which the U.S. government paid the company for 1939-40 season.

The $375,000 was paid in 1939-40 season, during which time Alaska Packers employed 1,200 Alaska Cannery Workers who lost employment to layoffs.

The company's argument is that the compensation was for changes in the 1939 agreement intended to go to Alaska, but the compensation was never delivered to the company.

LA Locals Blast Anti-Bridges Bill

NEW YORK—Bash and intrigue surrounded the hearing of the International Longshoremen's Association (ILA) on the proposed new federal anti-Bridges bill. The hearing, which has been introduced in the House, was held to introduce the measure which would allow the ILA to move the attack until the bridges were raised to the point where they were not in danger of collapse.

William Green, AFL president, was the guest speaker of the hearing. He said that the measure would be a blow to the ILA because of its efforts to preserve the bridges and to keep the workers employed.

A Ballot For Peace

Here's the NAACP as she was taken on her trial run off Virginia Creeper last week. It's the biggest vessel ever built in America.

What Lewis Said About FDR, War

PHILADELPHIA—John L. Lewis said designate to ACCEPT the Constitution of the 1939 membership of the American Federation of Labor and Congress of Industrial Organizations as the ILA's constitution.

The constitution was adopted last week by the ILA's national convention. It is essentially the same as the constitution of the AFL-CIO, which was adopted last year.

Radiumed Star Building

BANFORD—It was an accident that killed the construction of the new Federal Building in New York City. The accident happened when a piece of radium fell from the building and killed a worker.

The accident was one of the many that have occurred on the site of the building. The workers are demanding better safety measures.

The CIO Program

FDR's New Deal program included the CIO (Congress of Industrial Organizations) as a part of the labor movement. The CIO was created in 1935 to represent workers in industries where the AFL had not been successful.

Appears Of Being And Smith Amendments

SAN FRANCISCO—The new Federal Reserve and the FED have taken all possible action to support the Smith Amendment to the Federal Reserve Act. The amendment would authorize the FED to create new currency to help put money into circulation.

The Smith Amendment is designed to offset the effects of the recession. The FED has already taken steps to increase the money supply, but it says it cannot go further without action by Congress.

MC Hits Congress' War Plan

SAN FRANCISCO. - Declaring that the billion-dollar war loan for the war effort has been enacted is an urgent need for marine cooks and stewards, the Marine Cooks and Stewards Union (MC&S) is appealing to the members to contribute to the veterans' fund.

Blitzkrieg

It's "Blitzkrieg" here and "Blitzkrieg" there. There's talk of "Blitzkrieg" everywhere. There's "Blitzkrieg" in front, there's "Blitzkrieg" behind. There's nothing but "Blitzkrieg" on everyone's mind.

There's "Blitzkrieg" to left and "Blitzkrieg" to right. It's nothing but "Blitzkrieg" back day and night. If a "Blitzkrieg" is heard, it's worst comes to worst. Then let's start a "Blitzkrieg" on July 1. The shipowners want one they'll get one. It's time to cut off their shipping now. We'll "Blitzkrieg" them out of the shipping business.

When the shipowners find that one "Blitzkrieg" is too tough, they will gladly give in. For enough is enough.

Boomen, IBU Plan Joint Action

RAINIER, Ore. — Joint organizational problems and plans for collective action in the future were considered at a meeting Sunday in Rainier by representatives of the United Brotherhood of Shipyard and Repairmen, and the International Longshoremen's and Warehousemen's Union. Local 68 of the IBU was represented by I. S. Lee and Henry W. Pitts, No. 365. A. Rinkleib, No. 1281, represented the Longshoremen.

New Program

Drawn Up For Council

PORTLAND—Columbia River District Council No. 3 of the MFP will carry on a full-time basis with a 1940-41 campaign to prepare its members for the political, public relations, and education under a recommendation made last week at a meeting of the council.

On motion of John Fruck, the executive board directed Secretary George Kell to present a resolution of the council's meeting last week on "political, public relations, and education under a recommendation made last week at a meeting of the council."
Seamen on the Political Front

Secretary, Board of Directors, ILWU.

WASHINGTON, D.C.

The recent expansion of the Seamen's Division of ILWU and the recent appointment of Hugh Johnson to the position of executive secretary of the national division have taken place at a time when the seamen are experiencing a growing number of problems. The division has been given the responsibility of representing the seamen in negotiations with employers, and of maintaining a close relationship with the international union.

Hugh Johnson, who has been with the union for over twenty years, has been active in various capacities, including as a shop steward and as a member of the national executive board. He has been involved in a number of important cases, including the case of the Red Ball Line, where he was able to secure a settlement on behalf of the seamen.

TARDY CHANGES PROPOSED BY BANKER SMITH OF FEDERAL RESERVE SYSTEM

It helps explain Mr. Roosevelt's latest moves—compulsory military training for civilians, for example. The book can be ordered in cashier or at any CIO store for $1.00 (50c) for a membership subscription into the U.S. Army at this time? (Continued on Page 5.)

HANDS DOWN WITH COURTS AND JUDGES

E. L. MOSTOWSKY

The Frank plan, like all other radical plans, is briefly a measure of the hostility of the consuming masses. The Frank plan envisages, for example, the elimination of all forms of income and consumption taxes, including the income tax. The Frank plan proposes to achieve a cut of fifteen billion dollars in the expenditures of the government, and to make Workers Pay for armaments. The Frank plan proposes to achieve this by the imposition of a 10% tax on the incomes of all classes, Frank proposes to follow this with a 20% tax on all capital gains and a 50% tax on all inheritances and other forms of wealth.

F. T. H. Robbins.

AFL Council.

Chaffman's Union Is Not A One-Man Union

Editor, Voice of the Federation:

I have before me a copy of a newspaper clipping concerning the reported trial in London of an American labor leader, Harry Bridges, who was arrested in England in 1940, on charges of conspiring to favor the Axis powers. This trial is not only a matter of national importance, but it is also a matter of concern to the workers of this country.

The charges against Harry Bridges are serious. He is accused of conspiring to favor the Axis powers, and it is alleged that he was a leading figure in the Communist Party in this country.

However, I wish to make it clear that the thought processes of the Axis powers and the Nazi vote are not necessarily those of the Communist Party in this country. The Communist Party, as we know it, is an avowed enemy of the democratic principles of this country, and I believe that all of us should be concerned with the spread of such ideas in this country.

Further, I wish to point out that the trial of Harry Bridges is not a matter of personal interest to me, but it is a matter of public concern. I believe that all of us should be concerned with the spread of such ideas in this country.

I hope that you will take the time to read the newspaper clipping and to learn more about the trials of the workers of this country.

Edward F. Williams, 1044,
Congress District.

ILWU Tells Story of Picket Line

By PUBLICITY COMMITTEE

Last week, the membership of the San Pedro section of the ILWU witnessed one of the biggest AFL slaps in its history.

The AFL, trying to stop down a couple of thousand West Coast port workers by the |very successful picket line which is currently maintained by a section of the ILWU,

the San Pedro section, came to town last week to do battle with the San Pedro section.

Cleveland Gets Liner's SOS

SAN FRANCISCO—Sailors on the SS America on the New York-Marseille run have reported a call for help by the SS Kailua, a 4,600-ton passenger liner stranded off the New York coast. The call for help has been repeated several times since yesterday.

According to reports, the SS Kailua is stranded off the New York coast in the midst of a heavy fog. The ship's operators have been unable to make contact with shore-based authorities and are seeking assistance.

A search and rescue operation is currently underway with local authorities and the Coast Guard assisting in the effort to locate the SS Kailua.

SS Manukai (Special Meeting on SS Manukai, June 15)

Special meeting in regards to action of San Pedro Branch

Delegate elected as chairman of the SS Manukai meeting. It is believed that the CIO longshoremen are not represented on the Manukai.

Resolution

That the members of the San Pedro Branch be informed that if they wish to be represented on the Manukai, they should notify the CIO office immediately.

Lurline Crew Will Throw K-R-C Party

The SS Lurline crew, for whom the ship is named, will throw a K-R-C party on the upper deck of the ship. The event will be held on Saturday evening, June 22, and is expected to be a festive occasion.

Claremont Towed to Safety

AFIGOA—Knowing crews of all Allied vessels in the vicinity of Catalina Island last night seized the steamer Claremont and towed the ship to safety.

300 Ships Now Being Built

America's merchant shipbuilding program has expanded rapidly, with more than 300 ships currently under construction. This reflects the increased demand for merchant vessels during the war.

Matson Speed-Up Hits SS Kailua

Mr. and Mrs. C. B. Waterman, Proprietors,来电, 问

After experiencing a break in the SS Kailua's schedule, the Matson Line announced that they would be increasing the speed of the ship to facilitate faster delivery of goods. The SS Kailua is expected to arrive in San Francisco in the next few days.

Don't Forget Your VoiceDonations

FORM VOICE of the FEDERATION Saturday, June 22, 1940

Since the issuance of the last report in the matter of the IRA events have followed with such startling rapidity that it is virtually impossible to create a misleading picture.

Captain Is Exposed

As soon as the CIO longshoremen began their strike on the SS Kailua, it was reported that the company would take action to prevent the longshoremen from continuing their strike.

CIA Steersman

The steersman, a man employed by the company, had been involved in a dispute with the union over wages. He was arrested on charges of obstructing the work of the longshoremen.

Hire British Seamen For 'National Defense'

The War Department has announced that it will hire British seamen for national defense purposes.

War Time at Mare Island

MARE ISLAND—President Ford, commenting on the current situation, has stated that Mare Island will be prepared to receive any forces necessary for national defense.
