How New Income Tax Affects Seamen

A number of questions have been asked of late as to whether our members are subject to the new U. S. income tax law. We assure you that any one who makes $500 or more a year must file an income tax report and pay the tax required and also file a return. You must file a return even if you make no money. There is a wealth tax for those making $50,000 and over a year. It is possible that they are not subject to the income tax. If the people are honest and pay their taxes, there will be no trouble from the government. They would make them pay if they did not. You must pay the income tax even if you are or are not on the income tax list. Paying your income tax is a civic duty.
War-Time Profiteers Are Back Again

The biggest munitions profiteers of the war last are back at the old stand. They're the du Ponts and the du Ponts, the du Ponts and the du Ponts.

It's the du Pont de Nemours outfit's ad that's been going for 25,000,000 this year. The government has reduced its tax bill by that amount, and a smaller one here and there.

And the du Ponts, already one of the nation's wealthiest families, aren't going to have their profits reduced under this plan. They'll get the federal government to put up the profits, and they're going to operate it.

It's as if the government handed over a fleet of twenty ships to two of its wealthiest families, and asked them to make a profit on them.

Just as the government would have to take over the corporation if it couldn't make a profit, so the government would have to take over the corporation if it couldn't keep the profits up.

That's the kind of deal "national defense" is getting for du Pont.

And the government won't say a word.

It won't even pay for it with income taxes. It pays for it every time you buy a beer, a pair of shoes, or a newspaper, or go to a picture.

Think it over.

Pegler's Campaign To Smear Labor

WESTBROOK Pegler, who has such a bad record of organized labor that he dropped out of his own union—the Newspaper Guild—recently gave a speech in Chicago on why he is attacking the unions.

Now we know as well as Pegler that many unions have had racketeers among them, and that the Maritime Federation has always got racketeers among them. But when a well-known labor-but like Pegler takes up the threats of the Maritime Federation, he does so to make sure this medicine-man doesn't steal the race horse while he is pretended to be in the war.

Pegler and the Scripps-Howard papers have only one purpose in attacking the Maritime Federation. They are trying to carry out the employers' campaign of defaming ALL the labor unions.

This is only too evident when they turn their attention to the New York State unions that have been in the front lines this year.

They have been công themselves in the CIO. They have been attacked by the CIO. They have been threatened with the formation of a new union.

More Dumpings in San Pedro Bonding Company’s Answer

Quinn in Bad Standing on Dues

SAN FRANCISCO.—It was brought out in the regular meeting of the Marine Firemen that another member has been dumped in San Pedro for voting in opposition to the party that he represents.

Because Johnny Taylor refused to stand in a standing vote against the Quinn recall resolution in San Pedro, he was dumped. The minute statement does not disclose Johnny Taylor’s name.

The reign of terror against the member has continued, but the members have shown that it is not more than a month since they were dumped, over the refusal of a cheque (equivalent to a cheque) in return for their dues. Secretary V. J. Malone according to constitutional provisions has ordered Quinn’s recall.

The Marine Firemen will vote to recall Quinn when they meet Thursday night, a motion which has been brought out at the meeting.
