Nat'l Labor Relations Board Opened Way For 'Dirty Dozen'

By Local 1335, BART Committee, ILWU

SAN PEDRO—Almost 32 years ago the secret of the 'dirty dozen' union was blown to the world when the BART Committee of the ILWU opened the door for that group of trailer workers to gain admittance to the union.

Since that time the 'dirty dozen' has been held up as an example of how a union can force a settlement.

Last month the BART Committee opened the door for the 'dirty dozen' in a way that was as interest to the public as the original opening.

The committee opened the door for the 'dirty dozen' in a way that was as interesting to the public as the original opening.

Burke-Wadsworth Bill On to Chicago!

Fascism for America!

IF SOMEONE proposed that we take a wage cut from $82.50 per month (base pay of sailors and foremen) to $25.00 per month and eliminate all overtimes we would be ready to fight until we won or starved to death.

Today's proposal comes from the White House supported by every economic royalist in the country supporting just such a wage cut and elimination of overtime for seamen.

This bill would Hitlerize America.

Recall Ballot Held Up

The ballot to recall J. J. Quinn was delayed in being issued at the regular meeting of the MPOWV of the Territory. Secretary Malone read photostats of copies of letters alleged to be written from the office of the Communist Party of Canada with instructions to 'get rid of Quinn.' These letters handed over to the secretary by Quinn are supposed to be a deep plot in the background of the Quinn recall. Some 10 committee members elected to bring in a report of their work were asked to read out letters which were never addressed to them, nor were they members last night as 'ridiculous.'

SS COLUMBIAN CONDEMNS TWO-FOR-ONE LOG SYSTEM

It's a Weapon In Employers' Hands

Sailors and firemen aboard the SS Columbia have taken the offensive in trying to get the discriminatory two-for-one log system thrown out. At a meeting on board ship last week at Boston they adopted the following resolution:

That as many seamen are being laid off at present as at any time in the past and that the discussion of the situation through the press of Liberty Gio, the reactionary in Washington Fraternally, has seen the light on every issue gate, reports three new men in the awning on the ship.

The Columbia has been at the San Francisco end of the run on account of an alimony matter over our heads in favor of a former crew man. It was also er's protest.
