UNION HIRING HALL MENACED!

New Union Offices

Conscription Bill Opposition Up

The Burke-Wadsworth conscription bill will mean the deaths of millions if passed, and will turn millions of Americans over to military gag rule at $21 or $30 a month.

With this threat hanging over in the future it is up to every one of us to be sure pressure on Congress to block this bill and save our wages, liberty and working conditions.

And one of the ways we do that is to make the public aware of the fact that such a provision means that the wage earners in Congress and along Wall Street will sit up and take notice.

This week practically every newspaper has come out against this bill, and a wave of protest is beginning to make itself felt on Capitol Hill in the increasing stream of correspondence of trade unionists, Congressmen, and others opposed to the bill.

This wave will be increased by the fact that Republicans in Hawaii and in Alaska have already opposed the bill.

On the West Coast the NACM, merchant marine officials, have declared that they are preparing to strike against the anti-conscription movement.

Seattle Blasts Draft

SEATTLE, Aug. 15—An anti-conscription rally held in Seattle last night resulted in a resolution adopted deploring that the bill be defeated by Congress.

Robert A. Rolles, assistant secretary of the Washington Commonwealth Federation, and 1000 men of the local union, are so engaged in the war that the members of the local union have beenLocalization stolen, but no one knows how many.

Meanwhile, the Maritime Federation went to work for its support of the war effort in the East and on the West Coast.

The commission's action took the form of a telegram to the Maritime Federation, asking for re-election against John Curran.

The second ballot on the first of the Democratic Convention was held in the East and on the West Coast.

Managers and stewards of the various maritime organizations are preparing to strike against the anti-conscription movement.

Moreover, the Maritime Federation went to work for its support of the war effort in the East and on the West Coast.

Attention, SUP Members!

Last week we published photos of Military Tar-gets, which included Harry Lundeberg’s name as one of the sponsors of the participant’s letter. We offered to print any letter Harry Lundeberg might send this committee demanding that his name be removed from the list of participants and TELLING THEM HE OPPOSED THIS ACTION.

We have received NO SUCH LETTER to date.

Two weeks ago the “West Coast Sailors” announced the Sailor’s Union was going to submit the foregoing document to the Department of Justice to secure it. We have received no notification of suit, however.

But in order to protect the Institution of all freedom of speech and freedom of inquiry, we are going to publish this letter, if and when we receive it.

This is not a letter that we have asked for, but a letter that has happened to be in our hands.

Because this is a letter that we have not asked for, we cannot find out why it was written, or why it was signed.

PROOF OF THE FACT THAT THIS LETTER HAS BEEN TAKEN

The Forged Quinl Letters

Lesson to All Trade Unions

The forged “Quinn letters”, which claimed to be written by James Quinn, Secretary of the Communist Party, was interfering with the internal affairs of the Firemen’s Union, should bring the house down in this city.

Trade unionists are not the only victims of this kind of forgery. The Forged Quinn Letters are similar to other similar forgeries that have been circulating in the past.

Irrefutable evidence has shown these letters to be forgeries. They were written by the Quinn letters, which attempted to prove a point, not to be true. It is hoped that the reader of this article will believe them and then see the story below in which Weber gives the prejudices that these letters are written.

ATOMIC LEND LEASE DECREE

One of the forgeries was written by a labor organization, and it was written on a form of the American Legion. It is in a number of cases on a labor organization form. It was written by a labor organization, and it was written on a form of the American Legion. It is in a number of cases on a labor organization form.

It has been shown that the forgeries were written by a labor organization, and it is in a number of cases on a labor organization form.

Vote for Whiting, Vote Against War

"Votes for war and against war" is the slogan of the Teamsters Union, the Fur International Longshoremen’s Association, and the Teamsters Union. The Teamsters Union is running for state wide elections.

Writing is secretary of Corcoran, 1414 Mission street, and union secretary of the Teamsters Union.

British Workers Losing Jobs

LONDON.—The war is a great job-killer,据英国《泰晤士报》报道, which shows that since last Tuesday more than 1,000 workers have been unemployed in this country.

The increased unemployment is due to the government’s policy of reducing wages in order to make the labor situation less painful.

The increased unemployment is due to the government’s policy of reducing wages in order to make the labor situation less painful.

Pedro Pete Flops as Lawyer in Hueneme Labor Board Hearing

By Publicity Committee ILWU 1-13

Hueneme Hearing

Trial on charges of the International Longshoremen's and Warehousemen's Union, Local 7, was held last Monday morning in Hueneme. Pedro Pete, the accused, was charged with having violated the constitution of the union.

Pedro Pete was represented by Attorney D. W. Young of San Pedro. The union was represented by Attorney J. E. Fitts of Los Angeles.

The trial was held in the offices of the Hueneme Labor Board. The trial began at 9:30 a.m. and lasted until 12:30 p.m. The trial was open to the public.

The charges against Pedro Pete were first brought to the attention of the union by a report from the San Pedro office of the union. The report stated that Pedro Pete had been seen carrying a package of cigarettes, which is against the union's constitution.

The trial proceeded without incident, and Pedro Pete was found not guilty of the charges.

The union thanked the Hueneme Labor Board for their service and the members of the public for their attendance.

Alaska Fishermen Win Strike

SEATTLE—The United States of Alaska, an affiliate of the International Fishermen and Allied Workers of America, has been successful in obtaining a settlement of their grievances with the Alaska Longshoremen's and Warehousemen's Union, Local 7.

The strike was called by the fishermen after their representatives and the union representatives failed to reach an agreement on the terms of the settlement.

The fishermen were represented by Attorney J. E. Fitts of Los Angeles, while the union was represented by Attorney D. W. Young of San Pedro.

The settlement was reached after a series of meetings and negotiations. The fishermen agreed to return to work, and the union agreed to make certain concessions.

Seattle Blasts Draft

SEATTLE—The Seattle Chapter of the Draft Resisters Union has called a meeting to discuss the recent decision of the United States government to increase the draft. The meeting will be held on Thursday, August 19, at 7:30 p.m. at the Peace Center, 1305 Western Avenue.

The meeting will be attended by members of the Seattle Draft Resisters Union, as well as representatives of other local draft resistance groups.

The Seattle Draft Resisters Union is a group of citizens who oppose the draft and the war. The group was formed in response to the increased draft in the United States.

Seattle Fishermen Win Pay Increase

SEATTLE—Despite the fact that Charlie Hughes, the infamous AFL organizer, permitted his fishermen's organization to make a contract with the Alaska Longshoremen's and Warehousemen's Union, Local 7, the fishermen were able to negotiate a new contract with the union.

The new contract, which was signed on July 1, provides for a pay increase of 7½ cents per hour. The fishermen were represented by Attorney J. E. Fitts of Los Angeles, while the union was represented by Attorney D. W. Young of San Pedro.

Bradley Bill Would Kill Hiring Hall

INTRODUCED into congress the other day was a bill which will destroy the union hiring hall in all American shipping.

The bill was introduced by Congressman Bradley of Michigan. It is directed against the interests of the worker and shipowner alike, no doubt. Bradley's technique of making everything possible for the problem of shipping is the same as the man who came as one of the biggest shipowners in the Great Lakes.

The bill is one of the most brazen attacks on labor yet introduced into congress. One that saying in plenty in these days. Labor's worst nightmare is legislatures. One person who thinks this bill makes all the more obvious the truth of John J. Lewis' plea to unions to concentrate in the coming election on the congress is supported by those who in the past served labor, especially by those who have been elected to congress and are now preventing congress from enacting legislation that would have protected the rights of workers.

Joe Currant, president of the National Maritime Union, is running for congress in New York. Let's send Joe to congress and get this Bradley bill to get the democratic American democratic.

Will Big Business Defend Democracy?

AFTER the Nazis captured Austria, they made the proud boast that more than 50 per cent of the Vienna police force consisted of secret members of the Nazi party.

On every vessel required by the inspection section of the law to operate a hiring hall, to keep a record of all the master's new men, they were to be read a warning that interference with these records or the hiring hall would be regarded as hindering the free operation of a union hiring hall.

The Interior Secretary may at any time impose a fine of $1,000, or a year's imprisonment, or both, upon any person who shall cause, directly or indirectly, the collection or secretion of any written record or other evidence which is required to be kept, or on the keeping of such records or the hiring hall, or upon any person who shall hinder or obstruct the master or his designee in the performance of his duties.

The bill has been introduced by H. R. 10316, to outlaw the union hiring hall. This bill has been carefully built up, especially in the last six months, and has been developed in every heart to meet any legislative, maritime legislation, the shipbuilders and other reactionary groups have consistently attacked the union hiring hall, saying that the hiring hall stands in the way of adequate national defense, etc., etc., etc.

The bill sets out to do two things: (1) To prohibit the operation of ships, or any portion of the same, by anyone who has not signed the bill, and (2) to establish a hiring commissioner to enlarge his offices and operate a regular firn hall.

This is to be accomplished by creating a federal office for the purpose of enforcing the provisions of the law. The federal office will be a federal hiring hall, open to the public, and all members of the union will be required to use this hiring hall to obtain employment on ships.

The provisions would make it mandatory upon the shipowner to operate a government fund and would result in a conflict of interest from employees who may be required to sign such documents as may be required to obtain employment on ships.

The second main aim of the bill is contained in Section 2, which reads:

"No vessel shall be permitted to sail until the master or his designee has satisfied himself that the master or his designee is in the possession of a written record of employment of every master or his designee on the ship, and that the record of employment is kept in the same manner as is required by law."

"The ILA has secured jurisdic-
tion of the case, it was asserted, and nothing be done, no more than persisting in the assertion of the right of the workers to organize, to be paid wages for work done, to maintain the unemployment and all Maritime Federation local officials are in the possession of the same record."

This is no isolated incident, as attested by the example of the Portland waters, in which the ILA locals work at their proper jobs, and the issues, the right of maritime employees to organize and to be paid wages for work done.

"The only time the ILA is interfered with is when the locals can't be paid wages for work done."

The ILA has secured jurisdiction of the case, it was asserted, and nothing be done, no more than persisting in the assertion of the right of the workers to organize, to be paid wages for work done, to maintain the unemployment and all Maritime Federation local officials are in the possession of the same record.

Bradley Bill Would Wreck Hiring Halls

Bradley Bill Would Wreck Hiring Halls

By Jack O'Donnell, Assistant Secretary

It is becoming increasingly evident that the legislative attack on unions is well under way, and if victorious, will result in the active assistance of every union-minded man in this country. The employers realize our economic strength and have turned to legislation to break the unions instead of lock-out and company investigations. Many of our largest employers have been publishing press releases denouncing the unions' activities, and efforts have been made to prevent the establishment of new unions in large companies.

How to Obtain a Lifeboat Certificate

How to Obtain a Lifeboat Certificate

Because of the interesting properties of having all our seamen properly instructed, and as a voluntary move on the part of the employers, the following certificate is now available to all seamen:

LWQ Supports Fight For Peace

LWQ Supports Fight For Peace

SAN FRANCISCO—Letters of support from members of the San Francisco have been received by the LWQ, which is supporting the American Federation of Labor's campaign for peace. The letters were sent to the LWQ office in San Francisco and were signed by members of the LWQ representing various local unions.

The Forged Quill Letters

The Forged Quill Letters

Impressing upon each other almost exactly, are not writing or speaking. They are not responsible for the actions of the employers, but they are responsible for the actions of the Association.

Therefore, the conclusion of your examiner is that the two purported signatures of William Schumacher and his brother of the form demands are forgeries, plus F ISSUE EXAMPLES, of which there are none, and that the forgery is a forgery, according to the evidence in the case.

THE FERGUSONs are a typical example of how the employers are attempting to gain control of the situation. They are a group who have been active in the labor movement, and are known to be sympathetic to the cause of the workers. They are a group who are known to be sympathetic to the cause of the workers.

But if we are not in a hurry to pay the last man, or to keep the last man from working, we are not likely to be in a hurry to pay the last man, or to keep the last man from working.

In San Francisco, on the other hand, there is a steady stream of complaints coming in from the employers, who are demanding a reduction in the number of men on the job.

These are the tactics employers' stooges and disrupters have used in our unions in the past. And in the light of the present situation, it is clear that we must be on our guard against them.

We know what we are up against, the employers of the world. They are determined to destroy our unions and our freedom. But we are not going to stand idly by, watching them accomplish their ends.

The employers are determined to destroy our unions and our freedom. But we are not going to stand idly by, watching them accomplish their ends.
